Admiral Carney Replaced

Ike Submits Name Of Admiral Burke, Effective When Carney's Term Ends

WASHINGTON (AP)—President Eisenhower today nominated Rear Adm. Raleigh A. Burke to be chief of naval operations succeeding Adm. Robert B. Carney. Carney was the center of a recent controversy over the likelihood of a Communist attack in the Formosa area.

The president also nominated:

1. Adm. Arthur W. Radford for a new two-year term as chairman of the Joint Chiefs of Staff.

2. Gen. Nathan F. Twining for a new two-year term as Air Force Chief of Staff.

Earlier this month Eisenhower nominated Gen. Maxwell D. Taylor to succeed Gen. Matthew Ridgway as Army Chief of Staff.

Ridgway, who has been critical of administrations plans to cut Army manpower, is to be replaced by Taylor July 1.

Burke's nomination to succeed Carney will be effective Aug. 16, when Carney's two-year term expires.

The controversy over Carney centered on the question whether he did or did not tell a group of newsmen a Red attack in the Formosa Strait was likely by mid-April.

Carney discussed the subject at an off-the-record dinner and some of the participants later reported the mid-April date as a time when the administration expected the Reds to hit. Carney subsequently was identified as the speaker.

Later the admiral denied he had spoken of expectations. He said he only discussed capabilities and said the Communists could make an attack by that time if they chose.

Some of the newsmen who took part in the dinner briefing differed among themselves as to just what Carney had said or meant. Some agreed with Carney's version, others with the previously published accounts of the dinner.

Lincoln Voters Approve Boost In Tax Payment

Lincoln voters polled their approval Tuesday of an additional tax rate of 20 cents per \$100 valuation for the Lincoln Special Road District of Benton County to run for a period of three years. There was a total of 28 ballots cast with 20 affirmative votes and eight against the issue.

The added tax rate of 20 cents is five cents less than the increase approved by the voters last year. The regular tax assessment is 35 cents and with the approved 20 cent increase Lincoln residents will be paying 55 cents per \$100 valuation.

The special vote was held at the Community Building in Lincoln with Bill Kelb and Herman Balke acting as judge and clerk for the voting.

Present commissioners of the road district are Herschel Hansen, Carl Jaekel and Dewey Larson. Commissioners are approved by the Benton County Court. The road district treasurer is Miss Gladys Chaney.

Drowns While Fishing

COLUMBIA (AP)—Harrison Lee Buckner, 39-year-old Negro, drowned when he fell from a boat on the Airport Lake here late yesterday and his fishing companion, Paul M. Kovar, 37, white, had a narrow escape from death. Kovar was pulled to safety by Charles D. Matthews, University of Missouri student who was playing golf nearby and went to the aid of the pair.

Sunburns Expendable

For a day that started out full of sunshine, it proved to be a dud, but moisture is what we need. Sunburns are expendable, but crops are not.

The temperature at 7 a.m. was 57, 67 at 1 p.m. and 68 at 2 p.m. Rainfall to 1 p.m. .03 inch.

The temperature one year ago today, high, 77, low 53, with .65 inch of moisture; two years ago, high 89, low 74; and three years ago, high 77, low 54.

Considerable cloudiness tonight and tomorrow with occasional showers tonight and tomorrow. High tomorrow near 80; low tonight near 60.

Stage at Lake of the Ozarks 52.8; rise 0.1.

Membership Banquet--

Selling Sedalia to Sedalians Is Hard Work, Says Lippard

Selling Sedalia to Sedalians was the theme of an address by Ray Lippard before the Chamber of Commerce membership committee banquet at the Pacific Cafe Tuesday night. "We must be loyal supporters of Sedalia," he said, "we must make it likable, livable and lovable . . . and if we are going to make progress we have to pay the price in effort, sacrifices, money and tears."

The banquet was the "kick-off" for the annual solicitations of new Chamber of Commerce members.

Dignitaries From KC See Show At Base

Visitors Are Taken On Tour of Planes; Told of Operations

A group of Kansas City members paper and radio representatives were guests at the premier showing of "Strategic Air Command" Tuesday afternoon at the Sedalia Air Force Base. It was the first showing of the picture in this area prior to the official premier to be held at the Paramount Theatre in Kansas City Friday night.

Col. A. J. Beck, commanding officer of the 340th Bomb Wing, and Col. Charles Neil, commanding officer of the SAFB were host to the visitors who arrived at the base in an Air Force bus from the Grandview AFB.

Arriving shortly before 3 p.m. the group was taken to the Officers Club where a short briefing was given. The party then went in a group to the flight line of the base. Two B-47 bombers and two KC-97 refueling planes were standing by with crew members who escorted the visitors through the two planes. All were able to climb up into the B-47 and sit in the pilot, the co-pilot and the navigator seats of the plane. These three compose the entire crew of the large bomber.

The tour of the KC-97 gave them an opportunity to see the pilots and the navigators stations, engineer, and other crew member stations on the plane. They saw the large tanks used to carry jet fuel which is transferred from the big plane to the bomber while in flight. They saw the station of the "boom" operator who has full charge of the refueling process in flight. The crewmen in charge of that operation explained the technical problems in handling the boom which makes connection between the tanker and the bomber and through which the fuel flows.

As soon as this inspection tour was complete the group retired to the base picture show where they saw the "sneak preview" of the picture honoring the Strategic Air Command known as "SAC" and of which the Sedalia Air Force Base and the 340th Bomb Wing is a part.

"Strategic Air Command" is a story based on that command of the United States Air Force, and is a story of "Dutch" Holland, a star third baseman for the St. Louis Cardinals, who is at the height of his career and earning power after a wartime stint with the Air Force. He is called back to active duty and assigned to the Strategic Air Command.

When Holland protests that he has already done his duty and argues he is too old for further flying, he is told SAC is composed of older, more seasoned men. The Strategic Air Command is the atom H-bomb carrying command whose inter-continental bombers provide the retaliatory strength upon which the U. S. relies to keep peace.

The picture then carried out the story of SAC when it first had the B-36 bombers and on through up to the present time of the addition of the B-47 bombers. The filming of the picture took place at Omaha, Neb., Mac Dill AFB, Tampa, Fla., original home of the B-47s, and also at Carswell AFB, Ft. Worth, Tex., home of the B-36s.

James Stewart portrays "Dutch" Holland, June Allyson is the wife of Holland and is "Sally" in the picture. Others who had leading parts in the picture were Frank Lovejoy, Barry Sullivan, Alex Nicol and Bruce Bennett.

General Curtis LeMay, chief of SAC, was portrayed in the picture by Lovejoy. General LeMay gave final approval on the release of the film and then it was checked and rechecked to guarantee safety of all military secrets. The picture in technicolor has some of the most beautiful scenes of planes in the sky and others that have been seen in technicolor.

News Flashes--

Announcement Premature

WASHINGTON (AP)—Secretary of State Dulles said today reports from Paris of an agreement by the United States on a time for a Big Four meeting of heads of states are "extremely premature and inaccurate."

Search Impeded By Lies

Sen. Mundt Claims Falsehoods Cloud Query About Graft In Uniform Buying

WASHINGTON (AP)—Sen. Mundt (R-S.D.) said today a "mystifying fabric of falsehoods" is clouding the record of a Senate search for graft in buying of uniforms for the armed forces.

Noting that two witnesses before the Senate Investigations subcommittee on which he serves have admitted lying under oath, he said conflicts in the testimony of others shows some of them also "are trying to deceive us."

"This is awful," he said. "It's a terrible spectacle." He said any government worker caught trying to deceive the subcommittee "ought to be fired."

One witness was fired late yesterday. The Army announced the immediate dismissal of David Pollack as a contract analyst for the Quartermaster Corps in Philadelphia—a job paying between \$5,940 and \$6,940 a year.

The announced reason was that Pollack's testimony yesterday "differed from testimony he gave in a previous closed session" of the subcommittee. Pollack had conceded that, but he disputed testimony from another witness that he had taken money from a private firm dealing with the Army.

The subcommittee called more witnesses today to explore more fully into testimony by a Brooklyn manufacturer, Leon M. Levy, that he provided \$6,699.94 to finance cash payoffs and gifts to uniformed and civilian Army personnel with whom he was doing business on government contracts in 1952 and 1953.

Levy, a native of Lebanon, consulted a diary in Arabic script in which he said he kept a record of such disbursements from his firm, Bonita Originals, Inc., of New York.

The subcommittee seeks to establish whether any or all of that sum reached the government people Levy said he expected would get it from Marvin Rubin, whom he had hired to get business for him.

Pollack swore yesterday he never received \$500 of Bonita funds which Levy had just testified he believed Pollack accepted from Rubin at Bonita's plant. Levy said the man who got it was introduced by Rubin as Pollack and looked like the witness.

Pollack confessed he had lied under oath when questioned previously about his associations with Rubin. But he insisted he was telling the truth in saying he had never been at Bonita's office, had never before seen Levy and never received money from Levy, Rubin or any agent for them.

He acknowledged he gave Rubin some advance information about government contracts for which Rubin was angling for various clients. But he insisted Rubin could have gotten it readily in other ways.

Pollack said that as an Army employee in New York, he had determined that Bonita was the low bidder for contracts to produce 1,050,000 Army garrison caps at its Puerto Rico plant.

Rules Against State Funds at Knob Noster For School District

JEFFERSON CITY (AP)—Atty. Gen. John M. Dalton ruled today that state school money cannot legally be apportioned to Knob Noster School District R-8 of Johnson County for pupils living on the Sedalia Air Force Base.

He said present laws do not allow a public school district to be organized on Air Force property. Missouri school laws do not cover military reservations like the Sedalia base and Ft. Leonard Wood, Dalton said.

Secretary Hobby Says--

Proposed Federal Funds Would Provide 13,350,000 Free Shots

WASHINGTON (AP)—Secretary of Welfare Hobby said today a proposed 28-million-dollar federal fund would provide free polio vaccine for about 13,350,000 children.

She estimated this number represents 22 per cent of the nation's children.

In a statement sent to the House Commerce Committee, Mrs. Hobby also reaffirmed her confidence that the nationwide inoculation program "will result in effective protection against infantile paralysis for the children of the nation."

Mrs. Hobby said federal plans are designed to guarantee that no child up to 14 years old would be

denied vaccine because of inability to pay for it.

Mrs. Hobby is out of town. Asst. Secretary Roswell Perkins appeared before the committee for her and read her statement.

President Eisenhower last week asked for an appropriation of 28 million dollars which he said would be used to supply vaccine to those unable to pay for it.

The appropriation question is not directly before the Commerce Committee. Chairman Priest (D-Tenn.) said the purpose of these hearings is to explore the whole situation and draft legislation giving the Welfare Department broad-

Set Up Commission To Advise on Release Of Vaccine In Future

WASHINGTON (AP)—The government today set up a commission to advise on the release of all future lots of Salk polio vaccine. The group will hold its first meeting tomorrow.

The Public Health Service said the panel "will recommend action on all lots of vaccine already produced but not yet released and all lots of the vaccine which will be produced in the future."

However, its function will be only "advisory to the director of the National Institutes of Health who will be responsible for recommending final action to the surgeon general."

Scheele Says Most Vaccine Found Safe

Some Cutter Lots Still Under Check As Cause of Polio

WASHINGTON (AP)—U.S. Surgeon vouches for the safety of Salk anti-polio vaccine already used in mass inoculation of schoolchildren—with the exception of two suspected lots made by Cutter Laboratories.

Scheele said last night he has "every confidence" in all supplies released after a Public Health Service doublecheck of manufacturers' safety precautions. He said a further announcement concerning vaccine still awaiting clearance "can be expected soon."

This may indicate when the inoculation program can get back in to full swing.

In an earlier statement, Scheele mentioned 56 cases of paralytic polio as having occurred among children injected with Cutter vaccine. He said there was "strong presumptive evidence that there was a cause and effect relationship between the cases of paralytic poliomyelitis and the two lots of Cutter vaccine out of the nine released."

However, he said tests of the Cutter vaccine "continue in progress." And in Berkeley, Calif., the Cutter Laboratories put out a statement saying, "It is our understanding that this is an interim statement and not a final report. . . . The final determination of it is yet to be made by the U.S. Public Health Service."

All Cutter vaccine has been kept out of use for nearly a month, pending the outcome of these tests.

By way of reassurance, Scheele stated, "It appears that the incidence of cases associated with the Cutter vaccine is probably over, although there may be a few widely scattered cases which have not yet been reported."

And in an apparent general reference to the possibility of additional postinoculation cases, Scheele said:

"To the extent that a single injection of vaccine is not fully effective, a few vaccinated children may be expected to develop paralytic poliomyelitis as some did in the (1954) field trial period."

About six million youngsters already have received first shots in a three-shot series. Basil O'Connor, president of The National Foundation for Infantile Paralysis, said yesterday the foundation expects to be able to get enough vaccine to complete second shots for first and second-graders by June 30.

If The National Institutes of Health releases it. The foundation is paying for the mass inoculation program.

WASHINGTON (AP)—The state by state breakdown of the proposed plan for allocating 28 million dollars in federal funds for free polio vaccine for children who can't afford to buy it includes:

MISSOURI—Estimated number of unvaccinated children 0-19 years, 1,218,853; per cent of children for whom federal payments would be made free, 20.7; total estimated allocation of funds, \$622,407.

Two Penal Reorganization Bills Race Through House

Still Face Passage In Senate; Quick Compromise Okay Is Believed Sure

JEFFERSON CITY (AP)—Two key penal reorganization bills whooshed through the Missouri House today without argument.

The compromise bills, worked out by House-Senate conferees to eliminate differences between the two legislative bodies, still must be approved by the Senate. But approval of compromises usually is just a formality in the Senate. The House is expected to take up the bills Monday or Tuesday.

The major measure is one to revamp administration of the corrections system to minimize the possibility of new flareups like the bloody riot that ripped the penitentiary here last Sept. 22. It ended in the death of four convicts, the destruction of millions of dollars worth of prison property and the beginning of months of tension among the inmates.

It would emphasize the operation of new industries to supply goods needed by other state agencies, set up a plan of education on both academic and vocational levels and eliminate some of the slipshod procedures that had grown up through years of legislative and administrative indifference.

The other bill would set up a permanent legislative "watchdog committee" to continue scrutinizing penal operations and make suggestions for administrative or legislative improvements.

The House backed down on one principle in adopting the compromise.

As the bill was originally passed by the House it required that no member of the legislative committee could represent any convict Parole. But the Senate rejected that idea on the theory that lawyer-members should not be barred from representing convicts.

Some House members still balked today on approving that idea but the majority pushed the bill across.

Rep. Richard H. Ichord (D) of Texas County, who handled the bills, was reluctant at the outset to bring them up today because of light attendance. Today is practically the last working day for the House this session, however.

Northwest Part Of County Hurt By Army Worms

By Merle Vaughan

The army worm situation continues to be serious in the northwestern part of Pettis County.

Raymond Stockhurst told Gib Owen that the worms did \$50 worth of damage to a four-acre field last night. He had it sprayed this morning.

Paul Lloyd, proprietor of the flying service doing the local spraying, spent part of the morning with me checking fields between LaMonte and Hughesville. Every field that had a good stand and some lodged grain had several worms and will probably be seriously damaged if not sprayed.

All barley and rye fields ought to be watched closely. There are a lot of worms in wheat but entomologists expect parasites will catch up with them there. However, we have found very few worms with parasites on them to date.

A total of 102 acres were sprayed yesterday and an additional 123 acres had been listed by noon today for spraying. Orders for spraying are being taken by Gib Owen at 1805.

'Lobbyist' On Hand During House Vote

JEFFERSON CITY (AP)—Sometimes the Missouri House gets aroused over the presence of "lobbyists" and runs them out of the chamber.

Today, the House passed a bill raising the pay of 18 clerks in the office of the Kansas City board of election commissioners.

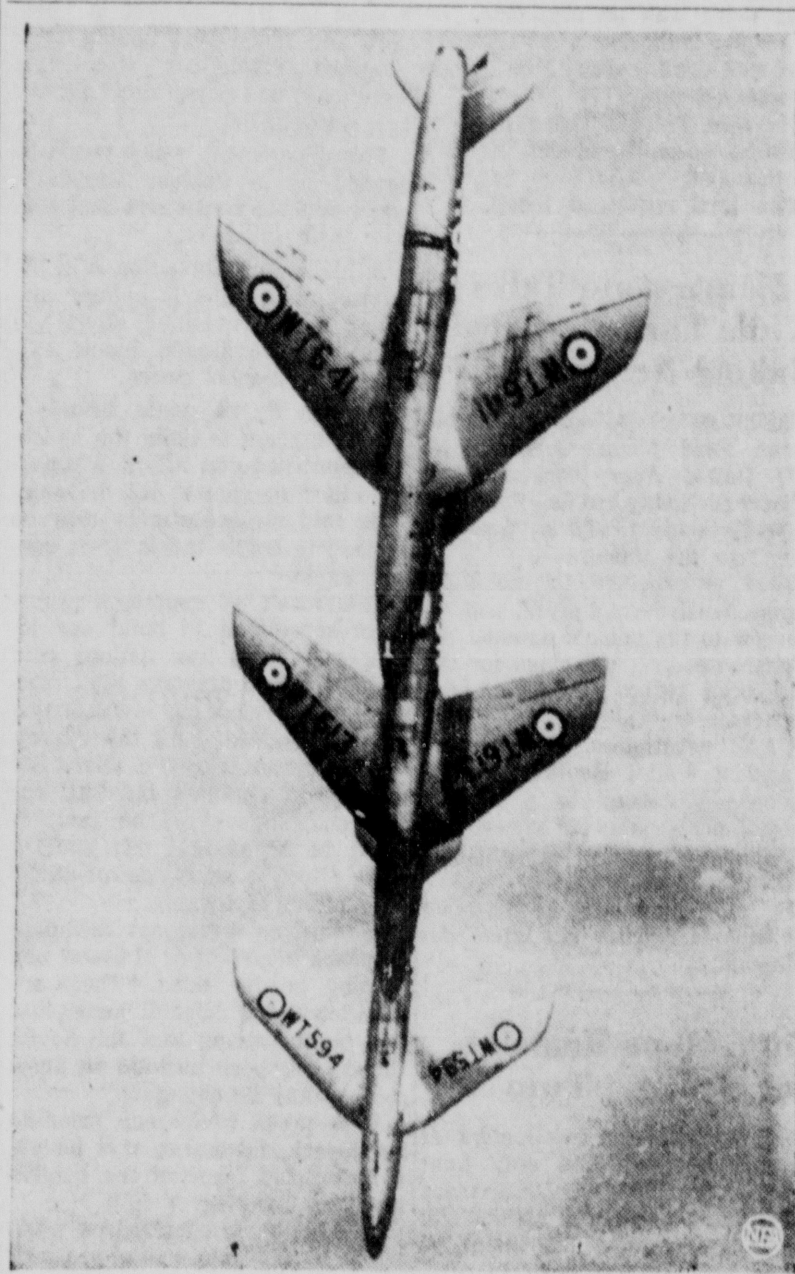

The chairman of the board, Hampton S. Chambers, was seated in an absent member's seat throughout the discussion and vote.

INSIDE STORIES

More Interested In Horse Race-- Eve of Election Finds Most Britains Lacking Enthusiasm

LONDON (AP)—Britain today spent the eve of the national elections trying to pick the winner—of a horse race.

The subdued battle between Prime Minister Eden's Conservatives and former Prime Minister Attlee's Laborites drew peacefully toward its culmination at the polls tomorrow.

The voters will elect a new House of Commons. The party winning the most seats will name Britain's new government, headed by Eden or Attlee as the voting goes.

The average man seemed more concerned with picking a horse for this afternoon's Epsom Derby, the object of an annual betting splurge by Britons of all classes.

Rarely has Britain seen an election campaign so short on sensation. Herbert Morrison, deputy Laborite chief who heads the party machinery, said the hustings have been so quiet that "it has baffled politicians."

With just one day's campaigning left, Conservatives still showed as stout favorites in opinion polls and betting handbooks. Both the Daily Express and Gallup polls gave the Tories more than 50 per cent of the voters who had made up their minds.

The Express put Labor's percentage at 47.2 and Gallup, 47.

Apparently fearful that overconfidence and the lack of excitement might keep his party's backers at home, Eden issued a last-minute appeal for all his supporters to cast votes "even if it means inconvenience or sacrifice."

He told newsmen in Birmingham: "I think we shall win, but I don't know by how many."

Some Conservative predictions have gone as high as a smashing 100-seat majority in the 630-member House.

The Laborites apparently pinned their hopes on prospects for a fine day and a big turnout. Such circumstances usually favor Labor.

Party Secretary Morgan Phillips said he believed Labor might get the support of more than 14 million of the 35 million registered voters. This would be an all-time record for any party.

Find Oil-Bearing Sand On Farm Near Paris

PARIS, Mo., (AP)—Oil bearing sand has been reported found in a well being drilled on a farm near here.

Ralph Sybenstricker, a farm implement dealer here, said that samples taken from a well which he and two other men are having drilled on the Elliott Key farm, nine miles east of here have been found by a soil test laboratory to contain oil bearing sand.

Sybenstricker said the sand was taken from the 860 to 890-foot level. He added that it had not been determined whether the well would be commercially profitable but that he was optimistic about it.

Lebanon Man Elected Head of Odd Fellows

COLUMBIA (AP)—H. W. Scott of Lebanon was elected grand master of the Missouri Grand Lodge of the International Order of Odd Fellows today at its concluding business session of a three-day convention.

Mrs. Ethel Riggs of Excelsior Springs was elected president of the Rebekah State Assembly.

General Mow Released From Mexican Jail

MEXICO CITY (AP)—Mexico has freed a Chinese Nationalist general who is accused by Chiang Kai-shek's government of embezzling more than six million dollars while buying airplanes for Formosa in Washington.

The Foreign Office yesterday ordered the release of Gen. Pang Tsu Mow from prison. He has been in jail since Chiang's regime requested his extradition in August 1952.

In line with a court opinion, the Foreign Office said Mow was a political refugee and not subject to extradition.

The former general still faces trial on a charge of entering Mexico illegally. He posted a 30,000-peso (\$2,500) bond before he was freed. For conviction on this count, the maximum sentence is two years in prison.

Mow fled to Mexico in 1952 after shortages appeared in the books of his office. Last year a U. S. District Court in Washington awarded the Chinese Nationalist government a \$6,368,503.47 judgment against the runaway general. The sum represented the difference between the amount Formosa said it had entrusted to him and the amount he reported having spent.

Mow has never denied taking the money, which he says "is in a safe place ready to be returned to the Chinese people." He has said he will never hand it back "to the Formosa gang headed by Chiang Kai-shek."

Chinese Nationalist authorities have said that more than two-thirds of the money has been recovered. The 1954 U. S. court order gave the Formosa government the right to funds credited to Mow or his old offices in New York, New Jersey, Washington and Switzerland.

Mow's lawyer Julio Klein said that the general would remain in Mexico to "rebuild his life here."

A Chicago court yesterday ordered an indefinite continuation of a suit filed there by the Chinese Nationalists in an effort to get \$200,000 in U. S. Treasury notes that turned up in that city.

The holder of the notes, William E. Decker, head of a Chicago accounting firm, told newsmen he had received the notes in payment for real estate sold to a New Yorker named John A. Anderson. Decker said he did not know Mow and had had no dealings with him or his agents.

The Nationalists claim the notes were part of two million dollars worth Mow bought as a Nationalist purchasing agent.

Decker cashed one \$100,000 note on March 31 and sought to cash the other through the Federal Reserve Bank. This latter note is now being held by the reserve bank pending a decision on its ownership.

Buyers Garbage Can To Satisfy City Rule

DETROIT (AP)—Edward A. O'Brien objected at first when Detroit's Department of Public Works Commission notified him that as a homeowner he'd have to comply with city regulations and buy a garbage can.

O'Brien explained that he's a bachelor and lives alone. He eats all his meals out. He never uses a garbage can.

But the commission held firm, so O'Brien bought a garbage can and stood it in the front window for city officials to see.

"I like everyone to be happy," he said.

Writer Hits Prisons

PHILADELPHIA (AP)—Today's prisons are "crime factories" turning out "more and more criminals," says mystery writer Erle Stanley Gardner. He told the Pennsylvania Prison Society yesterday that it is "high time we abandoned the prison theories of today and start looking at the tomorrows in prison."

Murder Carried Out Post Haste, According To Trial Testimony

RICHMOND, Ky. (AP)—"What's your name?"

Barnett Masters, 24, pondered the impromptu question and replied:

"I don't have a name. I'm a stranger here."

Then he reconsidered and added: "My name is Masters. What's yours?"

"My name is Dink Powell," came the reply.

Clyde McQueen, testifying yesterday at Powell's murder trial,

said there was no argument; no other preliminaries when Masters was shot dead March 12 in a rural restaurant.

He said Powell "drew a pistol from his bosom" and shot Masters on the spot.

The trial continued today.

Adjourn Auto Talks While Ford Reported Making New Bargain

DETROIT (AP)—Negotiations between Ford Motor Co. and the CIO United Auto Workers were adjourned today while Ford reportedly made ready a "package offer" to the union.

Ford is expected to make its comprehensive counterproposal tomorrow to the union's demand for a guaranteed annual wage for the company's 140,000 production workers.

UAW negotiators, headed by President Walter Reuther, agreed at noon yesterday to a 1½-day recess, presumably to give Ford representatives time to put their new offer into writing.

Both the company and the union declined to discuss the latest developments.

Little Hope Remains For Siamese Twin

NEW ORLEANS (AP)—Doctors at Charity Hospital hold only faint hope for the survival of a Siamese twin girl, separated from her sister in a three-hour operation.

One of the girls born to Mrs. Leance Duckworth, 20, in Gulfport, Miss., Monday died on the operating table yesterday. Dr. W. T. Newson, director of the hospital's premature infants center, said the surviving twin was doing "fairly well considering."

He said the girls were joined at the abdomen and pelvis. The father is a 26-year-old Gulfport presser.

Adlai Gives Approval To Women's Idea

PHILADELPHIA (AP)—The General Federation of Women's Clubs gets down to business today and considers resolutions including one, calling for creation of a new U. S. department of consumer interest that got a pat on the back from Adlai Stevenson.

Stevenson, in addressing the General Federation's convention last night, commended the clubwomen for their interest in "people" and noted that among their proposed resolutions was "the significant and novel idea" for the new department.

This department, which would be headed by a Cabinet secretary, could educate consumers and protect their interests.

In his speech Stevenson said the international scene is calmer and called for "a crashing effort" to control the hydrogen bomb as way to permanent peace.

"Surely if we could afford a crash program to build the hydrogen bomb we can afford a crashing effort to control it," he said.

He said the opportunity may be at hand to boldly tackle arms control again.

"We must, of course, continue to preserve and to build our alliances, to help free nations gain the strength to preserve their freedom, to develop our own armed strength—indeed, until the aggressors come to tolerable terms we must even continue building our own nuclear power," he said.

But he urged that this country place effective arms control at the core of its diplomacy.

He said he would not speculate on peace moves from Moscow and Peiping, but he added, "There are significant and hopeful signs that this fateful spring that the Soviet Union's stubborn attitude on arms control may be changing."

At a press conference prior to his speech, Stevenson said he obviously is in favor of the coming Big Four meeting.

"I'm for such conferences when there is any reasonable prospect of success."

Ike Sits Through First Lady Fashions, Slightly Embarrassed

WASHINGTON (AP)—A somewhat embarrassed President Eisenhower spent part of last evening looking at women's dresses—an exhibit of gowns worn by the nation's First Ladies.

The President tagged along with Mrs. Eisenhower as she formally opened the new display at the Smithsonian Institution.

Cornered by a fashion reporter, Eisenhower said that of all the gowns he liked the best "that one of Mrs. McKinley's with the high neck." He said he's old enough to be "old-fashioned."

The Eisenhowers also saw the dress Mrs. Eisenhower wore at the 1953 Inaugural Ball and the gown in which she was married.

The Smithsonian spent \$75,000 sprucing up its display of gowns, which for years had been housed in a dark, drab room.

Senate Begins Vote On Highway Issue; Ike Banks on House

WASHINGTON (AP)—The Senate begins voting today on the hotly disputed highway bill with Democrats confident they can defeat Republican efforts to substitute President Eisenhower's plan.

Sponsors of the Democratic bill predicted it would win final passage by late today or tonight.

Republican leaders were ready to offer the President's road-building proposal in place of the Democratic bill sponsored by Sen. Gore (D-Tenn.). But they conceded privately this move had little chance of success. Rather, they were pinning hopes on a plan to send the Gore bill back to the Public Works Committee and thus shelve it for the time being.

Washington (AP)—The Senate begins voting today on the hotly disputed highway bill with Democrats confident they can defeat Republican efforts to substitute President Eisenhower's plan.

No Clue In Mystery Of Girl's Fate After Vanishing On Monday

KALAMAZOO, Mich. (AP)—Long hours of searching by nearly a thousand persons left police still without a clue today to the whereabouts of 8-year-old Jeannie Singleton.

Darkness last night interrupted the hunt for the pert, brown-eyed second-grader, but police said they would continue to comb city streets and neighboring woodlands and swamps.

Little Jeannie, her right leg crippled by rheumatic fever, vanished Monday afternoon on her way home from school. Police fear she may have been abducted by a sex deviate.

Police Capt. Riley Stewart said, "I think the chances that she is dead are greater than those that she is alive."

Jeannie's father Steve is a truck driver with five other children.

Women Lose Privilege Of Wearing New Hats

PHILADELPHIA (AP)—That feminine moan of anguish emanating from this City of Brotherly Love is coming from the General Federation of Women's Clubs.

Many women came to the General Federation's annual convention with new hats trimmed with flowers, feathers or do-dads.

But they are having to leave those bonnets in hat boxes.

Mrs. Theodore S. Chapman, General Federation president, ruled that delegates must come to the convention sessions bareheaded so that rear-row sitters can see.

HST Pledges Life Toward UN Success

DENVER (AP)—Former President Harry S. Truman, now 71 and saying "I wish I were 21," pledged last night to "spend the rest of my life trying to hammer home . . . how important it is to work for world peace through the United Nations."

He addressed about 500 persons at a \$25-a-plate dinner in his honor. Proceeds will go to the Truman Memorial Library to be built at Independence, Mo.

"With the atomic age," he said, "we're facing the greatest age in the history of the world. The only way to prevent destruction is to understand the world is all one community."

The sprightly ex-president touched with alternate humor and solemnity on a variety of subjects. After his introduction by Charles F. Brannan, secretary of agriculture in his administration, Truman quietly began:

"It is very difficult for a timid man to express his appreciation for this reception. I'm through politically—at least it appears that way—so you people didn't have to do it if you didn't want to."

Later Truman said: "I have no desire to be an elder statesman. A statesman is a dead politician."

His lone comment on the Eisenhower administration was to condemn its handling of the polio vaccine program.

He read a telegram from Basil O'Connor, president of the Truman Library Assn. and of the National Foundation for Infantile Paralysis, expressing regret at being unable to attend the dinner.

"You know why he (O'Connor) is not here," said Truman. "He is trying to do something he should not have to do. He is trying to straighten out this polio situation which has been bungled."

Turning to the memorial library which is to be built at his Missouri home, Truman said:

"When this library is finished, the scholars will be able to find the facts on which decisions were based . . . We'll have a place where the people can come and see that the fellow in the White House was not quite as bad as he was made out to be."

US, France Agree On Site of Big 4 Talks

PARIS (AP)—French Foreign Minister Antoine Pinay today said that President Eisenhower had accepted the dates of July 18-21 for the proposed meeting of Big Four chiefs of state.

The place for the meeting will be decided by the Foreign Ministers of the United States, Russia, Britain and France when they meet in San Francisco for the anniversary celebration of the United Nations, Pinay told a news conference.

The United States suggested Lausanne, Switzerland, for the meeting and France and Britain agreed. Russia has proposed Vienna. Pinay said Vienna could not be accepted so long as Austria is an occupied state.

K. C. Police Seize Indecent Literature

KANSAS CITY, May 25 (AP)—Police seized about 1,600 magazines yesterday in a raid on two news stands.

Capt. Doral L. Denison said the seized literature ranged from nudist publications to pulp magazines. Arrested and charged under a city ordinance were Harvey Hammer and Lewis Gollar, managers of the two stands.

"This raid came after we got what he consider a good interpretation of a State Supreme Court ruling," Denison said. "We took what we thought came within the scope of obscene, indecent and lewd literature."

Sedalia, Mo.

DAILY RECORD

Police Reports

A juvenile, picked up at Sixth and Montgomery for riding a motorcycle without a driver's license and exceeding the speed limit, was ordered to stop riding the machine and also signed the juvenile book. The youth was 15 years old.

E. P. Neff, 310 West Fifth, reported to the police a green fender skirt was stolen from his Cadillac sedan.

Police Court

Darwin Medlock, Valley Park, Mo., charged with running a stop sign at Main and Missouri, forfeited a \$5 cash bond.

A/3c Wasco Futral, 340th Air Police Squadron, and A/3c Billy F. Bland, also of the Air Police Squadron, charged with destruction of city property, were fined \$10 each by Judge R. L. Weinrich in police court. Both pleaded innocent to the charges.

The two were picked up in connection with twisting stop signs around at the various intersections. They were picked up in the 600 block on West Broadway.

Earl Whitworth, 50, of 400 East Second, charged with assault upon Mrs. Betty Gable, 708 East 11th, was fined \$25 by Judge R. L. Weinrich. Whitworth pleaded guilty to the charge.

Wilbur Strump of Marshall was charged with making a left turn at Seventh and Ohio. He forfeited a \$5 cash bond.

Eight overtime parkers failed to appear in police court and their \$1 cash bonds were ordered forfeited. Fifty-five overtime parkers who reported to police headquarters within a half-hour after getting a ticket paid the 25-cent fee.

County Court

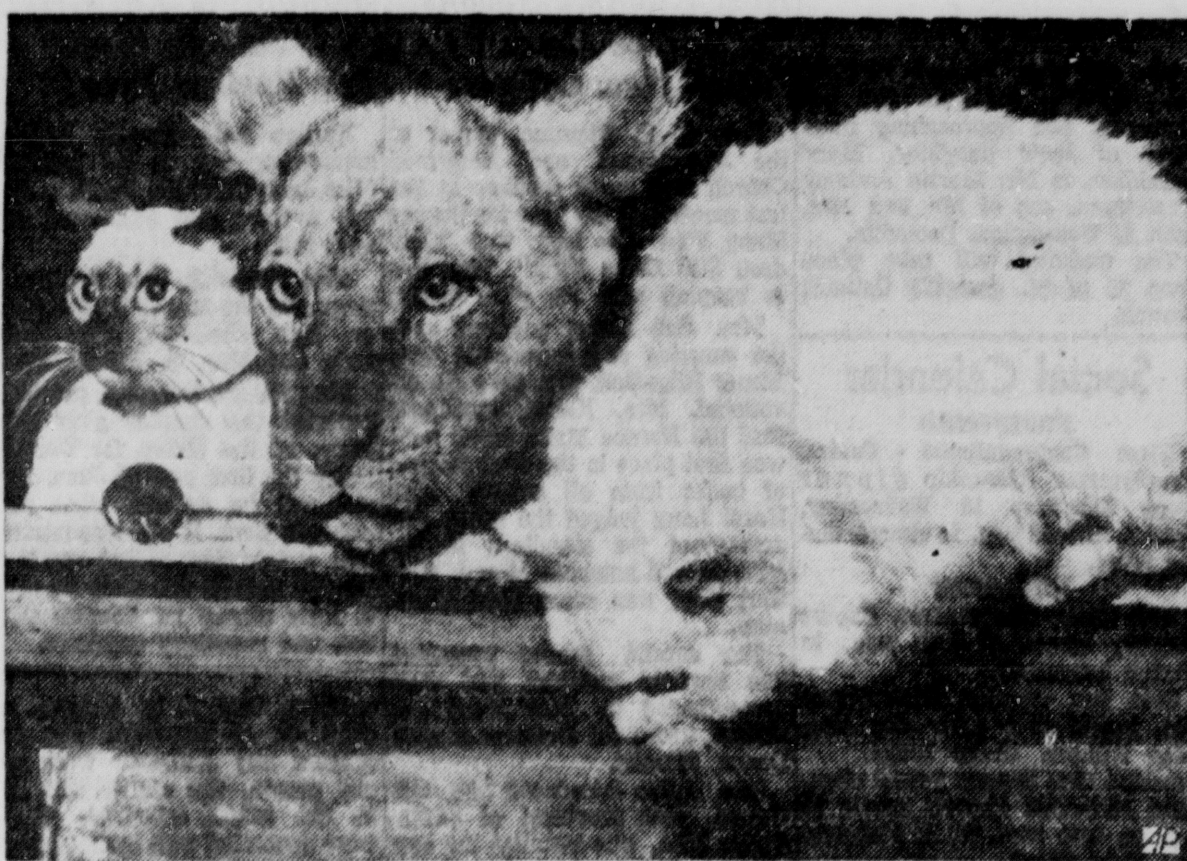

The Pettis County Court has set up ten King Bill road projects for improvement. These roads will be built by the county without letting contracts except for the final top dressing which must be allocated according to state specifications. The state contributes \$1,000 per mile to the projects.

Residents have petitioned and approved the right-of-way for the roads clearing the way for action.

Circuit Court

A 14-year-old Sedalia boy has been remanded to the custody of the State Board of Training Schools at Boonville after flaunting the law twice within a week.

The boy had previously been in trouble several times on various minor charges before police took him into custody after receiving a tip that the boy had stolen some

ONE IS LEAVING—Liza Timothy, right, a Persian, gets set to take off during appearance with a lioness and a Siamese in Sydney, Australia, cat show to aid wounded veterans.

copper tubing from the Missouri-Pacific yards with a companion.

He admitted the theft to police but because Cecil Glenn, juvenile officer, was out of town, the boy was asked to report back the following Monday.

At that time, a county official said, Glenn and a railroad official had decided not to press charges. However, on the day before the boy was to report back to the police, more copper tubing was missing from the railroad yards.

Someone saw the tubing in a culvert and a watchman kept an eye on it until the boy returned to cover it up more thoroughly. After first denying he had taken it, he later confessed to the theft, this time with a different companion.

Both companions were given a stern lecture by Prosecuting Attorney Harold Barrick and the boy was turned over to the state. The companions had no previous difficulties with the law.

Mrs. Wealthy M. Cole was granted a divorce from James S. Cole by Judge Dimmitt Hoffman. The property settlement gave Mrs. Cole a residence at 2001 South Kentucky and Mr. Cole a 235 acre farm in the county.

Her attorney is Leo J. Harned and attorney for Cole is Fred Wesner.

Baptists Want United Crusade Of Evangelism

ATLANTIC CITY, N. J. (AP)—The American Baptist Convention wound up its annual convention by calling for an evangelistic crusade with all other U. S. Baptist bodies "to win America and the world for Christ."

At the concluding session yesterday, Dr. Casper C. Warren of Charlotte, N. C., president of the Southern Baptist Convention, proposed that the crusade, which would start in 1959, be launched by the four largest Baptist bodies in the country.

Later, the ABC adopted a resolution recommending that all 18 million Baptists in the nation participate in the crusade.

Dr. Warren said the evangelistic efforts would not mean a permanent merger of the nation's 26 Baptist groups. It could "ease tensions and settle problems" among the various bodies, he declared.

Suggested by Dr. Warren as a nucleus for the crusade were: the Southern Baptist Convention (6,866,061 members); National

Baptist Convention, USA (4,445,605); National Baptist Convention of America (2,896,887), and the American Baptist Convention (1,600,000).

Other resolutions approved by the ABC endorsed President Eisenhower's decision to welcome talks with Red China about a cease-fire in the Formosa Strait, and opposed public aid to parochial schools.

Frank A. Nelson of Racine, Wis., Baptist layman and manufacturer of automotive equipment, was elected president of the American Baptist Convention.

Green Ridge Social And Church Events

By Mrs. Verna Palmer
GREEN RIDGE — The four circles of the Women's Association of the Green Ridge Presbyterian Church held their regular meetings on Thursday, May 19.

Mrs. Betty McCampbell was hostess to the members of the Martha Circle at a nine o'clock breakfast held at her home in Green Ridge.

Mrs. R. A. Stark presided at the business meeting in the absence of the president, Mrs. J. A. Gordon. She opened the meeting with the poem, "Dear Lord and Father", by John Greenleaf Whitier.

Mrs. Stark also conducted the lesson study on the 1st and 2nd chapters of Hebrews.

Guests were Mrs. Edmundson's grandmother, Mrs. Frank Orloff and Shirley Embree.

Mrs. Henry Bruns will be hostess at the June meeting.

Mrs. Earl Hinken was hostess to the members of the Esther Circle on Thursday afternoon at her home southwest of Green Ridge.

Mrs. J. M. Palmer presided during the business meeting. Mrs. Mattie Myers reported on fellowship and the program chairman, Mrs. Otis McNew reported on various things pertaining to the circle programs.

The members voted to study, "The Christian Woman and Her Household." Mrs. Helen Bucher was appointed on the Lord's Acre committee.

Mrs. McNew conducted an interesting Bible study of 1st and 2nd Hebrews.

Mrs. L. H. Wadleigh will have charge of the program of the Association meeting at the church, Thursday, June 9. Mrs. Mattie Myers and Mrs. Millard Edmundson will be in charge of the contributive dinner which will be served at noon that day.

At the conclusion of the meeting refreshments were served and a social hour enjoyed.

Mrs. Mary Johnson was hostess to the members of the Ruth Circle on Thursday afternoon at her home in Green Ridge.

The president, Mrs. Charles H. Ward, presided. Mrs. Floyd Egbert was appointed on the Lord's Acre committee.

Mrs. Walter Brown was the leader of the Bible study on Hebrews.

Mrs. Floyd Brownfield will be circle hostess in June at her home.

Following the study period, refreshments were served and a social hour enjoyed.

Mrs. D. D. Davis was hostess to the members of the Miriam Circle at her home southeast of Green Ridge Thursday afternoon.

The president, Mrs. William Heibner, presided during the business meeting.

Mrs. Leon Morgan assisted by Mrs. H. H. Ream lead the group in the Bible study of the first and second chapters of Hebrews.

Refreshments were served to eight members and two guests, Mrs. Lewis Dunlap and Mrs. A. M. Kendrick.

Approve New Post Office Pay Measure

WASHINGTON (AP)—The Senate Post Office and Civil Service Committee today approved a new postal pay bill carrying average raises of about 8 per cent for the 500,000 postal workers.

Members said they believed it would be acceptable to President Eisenhower who vetoed a bill providing an average 8.6 per cent pay boost. The Senate upheld the veto yesterday.

The new bill received the endorsement of the Post Office Committee in a half hour session.

Chairman Olin D. Johnston (D-SC) said the bill, which he sponsored, was approved unanimously, but only after the committee had voted down a measure proposed by Sen. Carlson (R-Kan.), administration spokesman on the pay issue.

The Carlson proposal was rejected on a straight party line vote, Johnston reported.

The new measure would cost an estimated 162 million dollars a year, or 17 million dollars less than the bill vetoed by the President.

It would give each postal worker at least a 6 per cent pay raise, the floor which the administration has been willing to accept. The vetoed bill had a 7 per cent minimum.

Committee aides said the new bill also contains most of the job reclassification authority asked by the President. However, they said it does not raise some upper bracket salaries as much as Eisenhower wanted.

Versailles Man Seriously Hurt In Truck Mishap

Cully Blacksten, 40, Versailles, Circuit Clerk and recorder of Morgan County, was seriously injured about 1 p. m. Monday when a 1951 Chevrolet pickup truck in which he was riding overturned on a sharp curve on Highway 5 six miles south of Versailles. Norman McLain, 26, Versailles United Farm Agent, who was driver of the truck escaped with minor cuts and bruises. They were enroute to Blacksten's cabin on the Lake of the Ozarks.

Blacksten and McLain were rushed to the Gunn Clinic in Versailles for an emergency treatment and then Blacksten, who was reported in serious condition, was taken to the Bothwell Hospital in Sedalia by the Scribner ambulance of Versailles. There he was treated by Dr. Lamy.

Blacksten suffered a severe chest injury, shock and multiple bruises. The truck was demolished.

The accident was investigated by State Trooper Louis P. Rohls.

Showers Predicted Through Thursday

KANSAS CITY (AP)—Showers moved into western Missouri today, but the weather bureau doesn't think they'll move very far to the east.

Mostly cloudy is the forecast for the west portion with scattered showers or thunderstorms in the extreme western counties today, tonight and Thursday.

Partly cloudy is the forecast for the eastern part of the state.

High temperatures Thursday are expected to range between 80 and 85.

Burial will be in the Long Branch Cemetery near Savannah.

J. M. Stephens
J. M. Stephens, 91, a direct descendant of Widow Hannah Cole, who founded Booneville in 1810, died Monday at the home of a daughter, Mrs. E. E. Solomon, New Franklin. He had been in failing health since June 25, 1953, when a fracture of his left hip hospitalized him for seventeen months.

Funeral services were at 2:30 p. m. Wednesday at the Methodist church at Pleasant Green. The body was at the home of a son, Hob Stephens, in Pleasant Green, until time for the service. Burial was at Pilot Grove.

Clyde C. Bridges
Clyde C. Bridges, 67, died Monday at Windsor. Mr. Bridges was employed by the Chicago, Milwaukee, St. Paul & Pacific railroad when he resided in Independence and retired in 1945. Surviving are his wife, Mrs. Frances Bridges of the home; a daughter, Mrs. Ruth Kramer, New York; two grandchildren and a great-grandchild. Services and burial will be at Windsor.

Mrs. Fannie Salvester
A 78-year-old resident of the Crocker community, Mrs. Fannie Salvester, died Tuesday at the Waynesville General Hospital in Waynesville, Mo. She was the mother of Henry C. Salvester, 1212 South Barrett, well known Sedalia attorney. She had been in ill health for several years.

Mrs. Salvester was born March 11, 1877, at Crocker, daughter of D. A. and Jane Claiborn. She was married April 2, 1899, to William Salvester, who died several years ago.

Surviving are three other sons, Drura D. Salvester, Crocker; Elmer T. Salvester, Overland, Mo., and Allen T. Salvester, Houston, Tex.; three daughters, Miss Maud Salvester, Mrs. Mildred Curry and Mrs. Pearl Mosley, all of Crocker; two brothers, Dr. E. G. Claiborn, Camdenton, and Dr. Dura Claiborn, Big Timber, Mont.; one sister, Mrs. Belle Layman, Crocker, and eight grandchildren.

Mrs. Salvester was a member of the Presbyterian Church at Crocker, where funeral services will be conducted at 2 p.m. Thursday with the Rev. B. A. Meeks and the Rev. Arthur Gott officiating. Burial will be in the Crocker Memorial Cemetery.

Mrs. Helena Frances Jones
Mrs. Helena Frances Jones, 73, died at 4 p. m., Monday at the home of her son, Earl Fain, north of Sweet Springs.

She was born at Higginsville on June 26, 1882, daughter of the late Haston and Anna Belle Jones. On Dec. 24, 1911, she was married to Floyd Fain. Her early life was spent near Warrensburg and she moved to Sweet Springs about 20 years ago. Her husband and two children preceded her in death, the children dying in infancy.

Surviving are: three sons, Julian Jones, Warrensburg; Earl Fain, Sweet Springs; Forrest Fain, Kansas City; three brothers, Sam and Roy Fain, Warrensburg and Ray Fain of Paola, Kan.; eight grandchildren and two great-grandchildren.

Funeral services were held at the Carter-Moseley Funeral Chapel at 1 p. m., Wednesday, the Rev. M. H. LaFollette, Methodist minister, officiating. Mrs. Hugh Hill and Mrs. Gertrude Crockett, with Mrs. J. R. Blythe accompanist, sang "Nearer My God to Thee" and "Beyond The Sunset."

Palbearers were: Henry Hase-meyer, Herbert Buesing, Elmer Hemme, Raymond Trautman, J. C. and Russell Dillon.

Burial was in Oak Grove Cemetery north of Warrensburg.

William H. Siron Jr., Rites
Funeral services were conducted Tuesday, May 24, for William Harold Siron, Jr., who met death Saturday night in a motor car accident in Independence.

He was a son of Mr. and Mrs. William Harold Siron, Jr., 145 North Glenwood Ave., Independence, and was reared in Pettis County. At various times he was employed in Sedalia having many friends here.

He graduated from Northeast High School, Kansas City, and attended junior college there two years. He was a draftsman for the Sinclair Oil Co.

Surviving besides his parents are: his paternal grand mother, Mrs. Anna R. Siron, Kansas City; 11 aunts and uncles which include Kenneth Siron, Hughesville, Mrs. Norman Rayl, Longwood, Charles Siron and Mrs. E. L. Hall, Sedalia, as do a number of cousins.

The funeral services were at the Lutheran Church of Our Redeemer, Kansas City, with burial in Memorial Park Cemetery, Kansas City, Kan., young friends serving as pallbearers.

Presbyterians Are Deciding Racial Policy

LOS ANGELES (AP)—Presbyterians vote today on a report urging the church to "act now to abolish from its practices all forms of segregation."

Action on a committee plea for a racial "Operation Desegregation" in churches and communities highlights the closing day of the 167th General Assembly of the Presbyterian Church in the United States of America.

The report of the assembly's Standing Committee on Social Education and Action says also: 1. Churches must be vigilant concerning "crippling restrictions" on schoolteachers, "abuse of loyalty oaths" and "erosion of essential human rights by a narrow definition of patriotism and insistence upon conformity. . . ."

2. "Christians should be warned that the greatest danger in politics is idolatry, when we let party loyalties play a larger role in our attitudes and decisions than our loyalty to the living God."

Yesterday the Permanent Judicial Commission and the general assembly upheld the conviction of Claude Williams on charges of heresy, subversion of the faith and violation of presbytery rules. The judgment also sustained his ouster in Michigan as a minister.

Williams, former industrial chaplain in the Detroit presbytery and now a resident of Helena, Ala., had appealed rulings of the Detroit presbytery and a special judicial commission of the Presbyterian synod of Michigan.

Lions Club Sees Film on Training Of the Cardinals

The Sedalia Lions Club saw the St. Louis Cardinals in training through a technicolor motion picture which was shown to the local members at their noonday meeting Wednesday.

The Lions voted to sponsor the nationwide safety program of "Slow Down and Live" by having signs posted on four large billboards in and around Sedalia. The Erwin C. Hargrove, Inc., which owns many of the large signboards throughout this part of the state, has agreed to post the signs the first part of August and leave them up for that month and possibly through Labor Day holidays, as a civic service.

Albert Swihart, 227 South Gentry, a salesman for the Portland Cement Co., was introduced by Ed B. Smith as a new member of the club.

Russel W. Preston of Ulrich, Mo., was a visitor at the club. Dr. David Robinson, president, conducted the meeting.

SAFB Provost Marshal Will Address Jaycees At Thursday Meeting

Maj. Francis X. Staba, Sedalia Air Force Base provost marshal and squadron commander of the 340th Air Police Squadron will be the guest speaker before Thursday night's meeting of the Sedalia Junior Chamber of Commerce.

He will speak on inter-community relations between Sedalia and the Air Base, typical problems that arise and how they are handled. He will be introduced by Joe Ream, program chairman for the evening.

The meeting will begin at 7 p. m. at the Pacific Room of the Pacific Cafe and will be conducted by Jack Delph, president.

Lincoln H. S. Baccalaureate Held May 15

Baccalaureate services were held at Lincoln High School May 15 with Rev. Henry Luker, Lincoln Zion Lutheran Church pastor, as speaker. He was introduced by Supt. Ray Nelson.

Special vocal numbers were presented by the girl's glee club, girls sextet and a mixed ensemble. Mrs. Homer Brady at the piano played the processional and recessional.

The auditorium was filled to capacity when commencement exercises were held for the graduating class of district R-2 Thursday night. Dr. Harold Young, Central Missouri State College, Warrensburg, delivered the address. Mr. Young is the eldest son of Mr. and Mrs. J. B. Young, Lincoln and graduated from Lincoln High School 22 years ago.

The school band under the direction of Mrs. Homer Brady played the processional and recessional. Invocation and benediction was given by Rev. Lloyd Wasson, pastor of the Methodist Church; boys vocal ensemble sang "Praise We Sing to Thee"; saxophone solo "My Regards"; Leroy Carney and piano solo, "Rhapsody in Blue"; Jackie Bastendorp. The band also played "Spring Festival".

President of the school board presented the diplomas and R. Nelson awarded the scholarships and honors.

J. E. McLain was valedictorian and Ralph Kreissler, salutatorian. J. E. was given an award in Industrial arts, a certificate to Alpha Phi Sigma and a year's subscription to Readers Digest. Ralph also received a certificate to Alpha Phi Sigma and was given an award in mathematics.

Other high ranking students were: Louise Lang, freshman; Carol Reicke, sophomore; Clifford McLain, Ella Lang and Margaret Keseman, juniors. An award in science was given Joyce Houk and Louise Lang. Sue Ann Thomas received an award in typing; Kenneth Lumpe, industrial arts and Jerry Wischmeier, journalism, who also received a regent scholarship to CMSC.

Keith Swearngin and Margaret Keseman received awards for outstanding athletic awards. Margaret Keseman and Jerry Rank were chosen to have their names entered on the Babe Ruth Sportsmanship plaque. Jackie Bastendorp was awarded a good citizenship certificate by the Daughters of the Revolution, Independence.

Class members are: J. E. McLain, Junior Orfield, Betty Ballew, Harvey Ficken, Marguerite Morarity, Jerry Wischmeier, Virginia Mueller, David Harms, Jackie Bastendorp, Fred Wenig, Ralph Swearngin, Norman Jackson, Keith Swearngin, Larry Meiger, Bobbie North, Leroy Carney, Bob Meh-

ARMS-FULL — Mrs. Hildegard Grzimek, wife of Frankfurt, Germany, Zoo director, cuddles Baki, left, and Tomas, to prove theory that raising gorillas is like raising children.

Strauss Opposes Any 'Bare' Atomic Pacts

KANSAS CITY — Lewis L. Strauss says a "bare agreement" to outlaw atomic weapons would be a trap at the present time.

The chairman of the Atomic Energy Commission told a dinner gathering last night: "The hostile climate of world

rears, Marva Meuschke, Kenneth Lumpe and Dorothy Siercks. Miss Avis Lee Cannon and Mr. Nelson were class sponsors.

affairs and the menaces from those who would destroy freedom in order to expand their own godless ruthless philosophy, have compelled us to develop and stockpile atomic weapons—in simple self-defense."

From where I sit... by Joe Marsh

Uses His Head Saves His Feet

Nobody around here can remember when Pop Turner wasn't our town's postman. He must have been toting that big, heavy mail-sack since Pony Express days.

That's why it's sometimes a shock to see him these days pulling his mail bag around in a "caddy cart," a sort of light wagon that golfers use so they don't have to carry their clubs.

"Folks sometimes holler 'fore' at me and ask me how my game is," Pop reports, "but I'm not ashamed to learn something new. Just wish I'd thought about these

golf gadgets years ago!" From where I sit, it's good to see someone come up with a new wrinkle—keeps us from feeling too regimented. For instance, perhaps you've always felt that hot milk is the only thing to drink at bedtime. Then someday you meet a fellow who prefers a cold glass of beer. Well, that's his choice — and certainly he's entitled to it. We can't expect everyone to follow our old habits to the "letter."

Joe Marsh

Roundabout SOS Call Gains Desert Service

TRUTH OR CONSEQUENCES, N.M. — Hugh Munn ran out of gas 40 miles north of here yesterday and got help by way of Sacramento, Calif.

Munn sent an SOS on a short-wave radio he has in his car. An amateur radio operator in Sacramento picked it up but wouldn't believe there was any such place as Truth or Consequences.

Munn finally convinced him. The ham operator called long distance

to Truth or Consequences and found a gasoline station, through the phone company, that gave road service.

An attendant delivered 10 gallons of gas to Munn.

Danger At Air Crash Scene

More effective and speedier coverage of possible airplane crashes on or off base was the major point of discussion at a conference of newspaper, radio and television reporters with Col. Charles V. Neil, base commander, and Capt. John N. Herbst, information services officer, at the Sedalia Air Force Base recently.

This delayed report of the joint meeting is made because we were a bit superstitious about discussing air crashes on the eve of the observance of Armed Services Day at the base. Since that event went off smoothly and successfully the unpleasant subjects of accidents to aircraft and their relationship to the public may now be presented.

The meeting was initiated by base officials. It was informative and instructive and revealed to newsmen a commendable gesture in good public relations that could well be adopted by the Air Force personnel throughout the nation.

Air crashes are tragic. But they do occur, and when they do it is in the public interest to obtain information for publication as soon as possible. There was some confusion and delay in reporting the recent KC-97 tanker disaster near Windsor last February.

Col. Neil and Capt. Herbst informed the newsmen of detailed plans by the Air Force personnel to assist in coping with emergency news handling of accidents on base or off base hereafter. There are certain natural restraints involving security, but the air officers stated they would make every effort to cooperate with newspaper reporters in clearing proper information with speed by an organized method of news clearance.

However, this meeting produced information of concern to the public other than the mechanics of handling news of an air crash.

The public has and perhaps always will demonstrate morbid curiosity at the scene of any disaster — automobile or

otherwise. But there is hidden danger at the scene of an air crash, particularly involving craft based at the SAFB. These huge planes are burdened with tons of fuel and sometimes explosives of various nature which may unaccountably explode by delayed action.

With thousands of people crowding around such a scene the holocaust could be terrific. Explosion of jet fuel might spray fire for hundreds of yards in all directions. Other explosive devices might be set off hurling debris that would kill and maim the spectators.

Such an incident would have made a grim spectacle at the recent crash of the KC-97 tanker.

Another reason why the public should keep away from an air crash scene is the possibility of blocking highways which need to be clear for ambulances, base rescue teams and fire fighting equipment. Narrow roads leading to the last disaster were thoroughly blocked by curious motorists who retarded rescue work. This should not happen again.

Need for proper controls at the scene of airplane crashes are evident for public safety as well as in the interest of the mercy missions trying to get through to the injured airmen. Minutes may mean lives saved.

With this in mind there should not be public resentment over military barriers established at a crash scene which in effect protect the curious from possible disaster to themselves.

Giving the air rescue teams a chance in the knowledge that the air information service is on the job to assist newspaper reporters in getting the story to the public is reasonable cooperation.

It's safer to read in the newspaper later all about the crash than to take chances on a close look and become encompassed in a spray of fiery jet fuel or flying debris from a bomb blast.

Golly! Didja Ever See Such a Busy Place?

The World Today-- Summary of Air Power

By JAMES MARLOW Associated Press News Analyst

WASHINGTON (AP)—A year ago Secretary of Defense Wilson said he thought the Russians were building a "defensive" air force. If that was right the United States, which had been building long-range bombers that could attack Russia, seemed safe.

But now comes word from Wilson that the Russians have made enormous strides in building long-range bombers which could be used to attack targets far from Russia. Did this mean the Russians were ahead of this country? At once a dispute began; one word led to another. This is it:

May 12—Sen. Symington (D-Mo.), who was secretary of the Air Force under President Truman, said the country's military program "is menaced by a deliberate policy on the part of the government" of withholding information.

May 13—The Pentagon issued an announcement, with White House approval and based on an analysis of Air Force intelligence reports made after the Russians flew a group of planes over Moscow recently.

The statement said the Russians were cutting into this country's lead in the production of heavy, long-range and medium jet bombers.

May 17—Symington said Wilson had underestimated Soviet air strength. He said the United States, "along with the rest of the free world," may have lost control of the air.

May 18—President Eisenhower told a news conference "it is just not true" that this country "has lost in a twinkling all of this great technical development and technical knowledge as well as the numbers in our total aircraft."

May 18—That same day, in Detroit, Brig. Gen. Woodbury M. Burgess, deputy chief of staff for intelligence of the Continental Air Defense Command, was quoted by newsmen as saying, "The Russian air force is currently at least as good as ours, possibly better."

May 19—Burgess said he had been misquoted. Newsmen who heard him stuck to their stories. Burgess already had been publicly rebuked by Gen. Nathan F. Twining, Air Force chief of staff, who said Burgess had not told the truth and had exaggerated.

May 19—The same day as Burgess' denial, Secretary of the Air Force Talbott said this country's

air power was greater than Russia's. But he acknowledged surprise at Russia's progress and said, "It makes us sit back and take notice."

May 20—An Air Force officer, Lt. Gen. Thomas S. Power, toned down a prepared speech saying the Soviets have "resources in manpower and materiel we could not possibly match" and that the Russians have the world's largest air force.

May 20—Twining acknowledged the Russians are building a mighty bomber force which "could attack us."

May 22—Aviation Week magazine said the Russians had displayed over Moscow this month aircraft so advanced and so numerous it has shocked "even the top-level and the most knowledgeable military aviation leaders in the Pentagon."

May 24—Yesterday Wilson read a formal statement to newsmen. It said this country is maintaining a "military capability superior" to that of Russia. The Wilson statement was a far cry from the optimistic view of a year ago that the Russians were building a "defensive" air force.

Falling Wall Kills Man, 2 Youngsters At Augusta Ball Game

AUGUSTA, Ga. (AP)—A man and two boys were killed by a falling concrete wall in a windstorm during a game at Augusta's South Atlantic League baseball stadium last night.

Buried under a mass of debris, Wee Bennett, about 25, was dead when rescuers reached him. David Thomas, about 12, an 8-year-old boy, was dug out alive but died in a hospital.

The storm, with winds up to 60 miles an hour, struck during the fifth inning of a game between Augusta and Montgomery.

A 100-foot section of the wall collapsed. Bennett and the boys were outside the park. They apparently were standing against the wall to seek shelter from the wind.

The game was stopped immediately and players joined spectators in rescue efforts.

Perk Furnage, general manager of the Augusta team, said the area in which the wall fell was roped off and danger signs posted after a section of the wall collapsed several weeks ago.

Call Precedes Shot

WEYMOUTH, Mass. (AP)—Joseph Guigi, 42, an electrical engineer, telephoned his wife in Bangor, Maine, yesterday and advised her: "Listen very carefully."

Mrs. Anna Guigi, 38, said that those words were followed by a shot, and then silence.

She telephoned Weymouth police, who went to the Guigi home and found the husband dead of a bullet wound in the head.

Mrs. Guigi and her four children were visiting friends near Bangor.

Judge Knows Danger

SAN FRANCISCO (AP)—A cocktail waitress who tried to smoke out her estranged husband with burning newspapers got a lecture yesterday on playing with fire—from a judge who spoke from experience.

The waitress, Mrs. Elvina De Grouper, 38, was fined \$100 and given 90 days to pay. The lecturing municipal judge, Clayton W. Horn, gestured with bandaged hands. He scorched them trying to light his barbecue pit.

As Sedalia Sees It--

GOP High Command Scared That Ike Won't Run Again

By JOSEPH A. DEAR Democrat-Capital Washington Correspondent

WASHINGTON—The Republican high command is seriously alarmed by the possibility that President Eisenhower won't run again.

Not that the President has revealed his intentions to anyone. So far as is known, he hasn't. But a succession of suggestive remarks seem to point to that Gettysburg farm rather than a try for another term at the White House.

The possibility of Eisenhower's retirement is so disconcerting that GOP strategists are already considering various methods of assuring his availability. For example, well founded reports indicate some Ike-men are toying with a plan under which the President's name would be entered in a Democratic preference primary.

The GOP National Committee would surreptitiously organize a phony Democrats for Eisenhower Committee, and this outfit would enter the President as their candidate in a carefully selected preferential primary. Ike-men figure a big favorable vote might induce the President to postpone retirement. They reason that he would be compelled to interpret the outcome as a call to duty that could not be ignored.

Whether the situation is desperate enough to justify this odd scheme is debatable. But there

is no doubt that the Republicans should be concerned. For there has been a steady drift to the Democrats since the 1952 election.

The small margin by which the Democrats captured the House and Senate during the 1954 congressional elections somewhat obscured the true dimensions of their victory. Actually, the Democrats last year got a higher percentage of the vote than in any off-year election since 1934. Further, if last year's Democratic percentage were translated into electoral votes, the Democrats would hold the White House.

In 1954, the Democrats picked up strength in 368 Congressional districts and lost strength in only 55. The picture is the same for state legislatures. Since 1952, the Democrats have gained 500 state legislature seats from the GOP while losing five.

It's also interesting to note that the Democratic National Committee is receiving rosy reports from county organizations all over the country. Only three of the counties have reported substantial losses (Pinellas in Florida, Gallatin in Illinois, and Salt Lake in Utah).

Steel Chiefs Meet to Talk On Problems

NEW YORK (AP)—Top men of the nation's booming steel industry are in New York today with three immediate worries on their minds: wages, prices, expansion.

They have gathered for the annual meeting of the American Iron & Steel Institute. Formal discussions will be on the technical problems and accomplishments of the industry.

But in the corridors the earnest talk will be of what to do about wages, prices and expansion. What the steel industry does could help set a national pattern.

Wage talks with the CIO United Steelworkers open in a couple of weeks in Pittsburgh. Rumor has it that the union will ask for a wage increase of more than 16 cents an hour. Steel executives will have a chance here to compare ideas on how much management should offer. Some believe the settlement will be around 12 cents.

Steel wage talks start after the auto industry's bargaining deadline has passed.

A strike in the auto industry would cut off the steel mills' best customer. Or, a liberal wage increase there as a compromise on the auto union's other demands would be a strong talking point for the steelworkers in bargaining.

A steel price hike is just as pressing a topic today. Industry leaders have said a price increase is necessary, no matter what the outcome of the wage talks. They cite rising operating costs. Steel executives in New York today will have a chance to compare views on how big a price hike to plan and how effective customer resistance might be.

The question of expansion grows out of the unexpected size of the industry's boom. It is operating at almost full capacity. Some companies are parceling out certain steel products to their customers. Reserve capacity has disappeared, for the time at least.

Top steel companies have said another round of expansion must be planned. In their talks today steelmen can try to judge how much more the civilian economy is likely to grow and how much more steel it will be likely to demand in the years ahead.

Democrat Pick-Ups

Odds and Ends By News Staff

THE GROUP of women sat about the table and then came time for dessert. It was a contributive dinner so the two who had brought the dessert went in to fix it.

When they brought it in, it was pie and the hostess announced that it was apple pie made from California apples, that one of the two dessert furnishers, who is from California, brought with her.

One woman who likes dessert better than any part of the meal was disappointed. Apples always make her sick—it doesn't make any difference whether they are raw or cooked and she immediately said, "Don't give me any—I can't eat apples." The hostess snickered and the woman from California grinned as she insisted on the other woman at least eating a little of the pie. She just wouldn't. Someone else wanted her to eat the crust but she didn't want anything to do with apple pie.

About that some people had eaten two or three bites of their pie and commented: "This doesn't taste exactly like apple pie."

"What does it taste like?" they were asked.

She didn't know and somebody else thought it was unusually good apple pie. The discussion went on until finally the hostess admitted it wasn't really apple pie—it was mock apple pie—made with crackers.

Then they wanted to bring some to the woman who couldn't eat apples, but by that time her appetite for dessert was gone. It looked too much like apple pie to suit her and she knew what happened to her when she ate apples. The ones with the pie pulled the "apples" apart to see and they were certain that they saw pieces of apples there but the Californian just giggled and told them it was nothing but plain old crackers.—H.L.

What They Say--

M-K-T EMPLOYEES' MAGAZINE (Rail Travel Is Safe)—The danger of being fatally injured in a train accident—based on 1954 experience—is so remote that if Adam, in the Garden of Eden, 4004 B. C., had started to take an average railway journey of 500 miles each day and had continued to do so every day of every year since then, his expectancy of life—if it rested solely upon passenger train accidents—would still be 26,000 years.

The Washington Merry-Go-Round--

The Commercial Angle On Polio Vaccine

By Drew Pearson

WASHINGTON — To understand the whole involved, mixed-up story of the Salk vaccine you have to go back about a year when Dr. Salk first gave his "field" tests to about a quarter of a million children.

Before that he had given the vaccine to his own children and shortly after the field tests he became so confident of its success that he approached various drug companies asking them to begin preparing for large-scale manufacture.

He knew that to extract and treat monkey kidneys in such a way that no live virus remained in the serum would be complicated when done by newcomers and done on a large scale. He also knew there would be a tremendous demand for the vaccine once its results were announced. So he patiently propositioned some of the top drug companies of the nation.

Most, however, turned him down. They weren't ready to invest any money in advance, wanted to be sure they had a hard-and-fast proposition.

Only exception was Parke, Davis in Detroit, which did make a sizable investment and which, as a result, was the first company to have its vaccine completely cleared by the Public Health Service.

Basil O'Connor's Faith

After Dr. Salk had knocked his head against the stone wall of pharmaceutical inaction, Basil O'Connor, head of the Infantile Paralysis Foundation, made a daring move. He had faith in the vaccine, even before the final evaluation was announced. He also knew there would be a terrific demand for the vaccine once the final results were announced. So he invested \$9,000,000 of the foundation's funds in advance orders with the drug companies. He even borrowed the money to do this.

It was only after the drug companies got this \$9,000,000 order that they began to develop the new vaccine.

However, out of the first amount they produced they reported 500,000 CC's did not go to the polio foundation which had borrowed the money to make possible the manufacture, but was shipped to the drug companies' regular commercial distributors.

That was how Cutter laboratories' vaccine happened to be found a few days after the release on April 12 all the way from Mexico to Arlington, Va.

That was also how, out of the first fatalities resulting from the inoculations, five were the children of doctors. Doctors got the vaccine first and used it on their own children. Unfortunately some of it was Cutter vaccine which has now been withdrawn.

NOTE — The Cutter laboratories had had one criminal conviction in 1949 as a result of a food and drug administration complaint that they failed to sterilize certain water solutions.

Drug Profits

Senate investigators have learned that the stock-market speculators got an advance tip on the Salk

Putting Across a Point

When the Hungarian embassy threw a shindig the other evening to celebrate the liberation of their homeland from Hitler's occupation forces, not one American diplomat was on hand to sip vodka.

This would not have been surprising except for the fact that U. S. representatives showed up for the very same affair last year.

Here's why: The State Department's special clearing house for all R.S.V.P.'s to Iron Curtain social events put an official damper on the party. Protocol and political experts looked over the hammer-and-sickle-adorned card which invited guests to attend the "10th anniversary of the liberation of Hungary by the Soviet army."

The last four words had been added since 1954 and implied that the U.S. had given Russia no help in the war effort. So the Communists would get the point, it was decided that U.S. officials should stay away.

vaccine and invested heavily in the six drug companies. These companies are expected to make \$20,000,000 profit this year alone.

Ironically, Dr. Salk will get nothing. He may not even get some of the rewards proposed for him in Congress. Many congressmen have introduced bills suggesting resolutions of thanks, or pensions, or medals for Dr. Salk. But all such House resolutions have gone to the Labor and Education Committee whose chairman, Congressman Graham Barden, North Carolina Democrat, says privately that he won't let a single Salk resolution out for a vote on the House floor.

Meanwhile, Canada, according to Senator Neuberger of Oregon, is charging only \$1.50 for three Salk vaccine shots, in contrast to the wholesale cost in the United States of \$4.20 to \$4.50.

"The announcement of Salk polio vaccine success on April 12 found Canada with a program," Senator Neuberger states. "The government of the great United States had none."

"The Canadian government bought up the entire production of the Connaught Medical Research Laboratories, and as a result sufficient supplies have been available in Canada."

Neuberger might have added that one month prior to April 12, Dr. Martha Eliot, director of the Children's Bureau under Mrs. Hobby, warned that some action should be taken to prepare for the national distribution of Salk vaccine. So did Dr. Leonard Scheele, the surgeon general. Mrs. Hobby, however, ignored the advice.

Ringling Brothers' Okapi

The Ringling Brothers, who featured a big extravaganza spectacle on the life of Ike Eisenhower in 1953, aren't feeling too happy about the Ike Administration today. Reason is Okapi.

Not many people know Okapi. And the reason they don't know Okapi is that there's only one in captivity. That one is supposed to be touring with Ringling Brothers, Barnum & Bailey. He's listed in the circus program and given a big bellyhoo. But he isn't under canvas. Instead he's up in New Jersey in the agricultural department quarantine station, kept there by Brother Ezra Taft Benson.

An Okapi, only discovered about 20 years ago, is an African quadruped that has stripes like a zebra around its neck and hind quarters, but otherwise has some of the mixed characteristics of a giraffe and a wild bull.

This particular Okapi is being quarantined because Benson's boys claim it comes from a hoof-and-mouth-diseased part of Africa. However, it's been in quarantine 60 days in Africa, 60 days in Hamburg, Germany, and 60 days in New Jersey. So the Ringling Brothers think that's enough to shed any of its bacteria—if there ever were any.

Sen. Milton Young of North Dakota has written the agriculture department protesting about Okapi, but the Benson boys are adamant.

However, aside from Okapi's absence, the circus this year seems bigger and better than ever.

Dulles Boycotts Emperor

The playboy emperor of Indo-China, Bao Dai, is furious at J. Foster Dulles for refusing to see him while in Paris. Bao Dai drove to Paris in one of his nine limousines to talk about Indo-China with Dulles. . . . But the Secretary of State refused to acknowledge his request, instructed every one of his aides to ignore him. . . . Bao Dai has now returned to his Riviera villa and is threatening to make a dramatic flight to Indo-China and personally overthrow the government which the United States is supporting.

Thought For Today--

And he shall bear no sin by reason of it, when ye have heaved from it the best of it: neither shall ye pollute the holy things of the children of Israel, lest ye die.—Numbers 18:32.

It is not the back, but the heart, that must bleed for sin.—South.

Looking Backward ...

TWENTY-FIVE YEARS AGO

John E. Swanger, former Sedalia, superintendent of the Modern Woodmen of America sanitarium at Woodman, Colo., gave a lecture here as one in a series in the fight on tuberculosis.

Mr. and Mrs. Claude Moore and family, 1811 South Lamine, moved to Marshall where he had been made general manager for the Holland Furnace Co., in Saline County.

1930

Dr. M. E. Gouge, P. V. Harris, D. E. Kennedy and O. B. Poundstone made a trip to Joplin where they attended a meeting of Joplin Elks, having a big class initiation.

1930

Miss Minnie Aleskin, 506 West Fourth, who had been attending the Emerson School of Expression, Boston, Mass., arrived home.

1915

Forty years ago Superintendent John Cannon of the Missouri-Pacific, who had been here on company business left for his Jefferson City headquarters in official car "Sedalia 32," which was a part of Train 22.

1915

The Ministerial Alliance meeting in the study of the First Congregational Church arranged to have its annual picnic June 1 at the Sedalia Country Club, ministers, their wives and families to have supper there.

1915

E. H. Harris, athletic coach at the YMCA, left for Warrensburg to take a course of special instruction from Dr. Allen, in charge of athletics at the state normal.

Reception At California For OES Officers

By Mrs. Eva Shores

CALIFORNIA —Mr. and Mrs. Leon P. Embry were hosts at a reception at their home on Saturday night following the official visit of the Grand Officers of the State of Missouri of the Order of Eastern Star at the Masonic Temple. Guests were members of the Grand Lodge and the Past Masters of California chapter No. 521 Mr. Embry is the grand Sentinel of the state of Missouri and Mrs. Embry is the grand representative to the state of California.

Rev. Elmo Purvis attended the Southern Baptist Convention in Miami, Fla. last week.

Mr. and Mrs. W. C. Blum and sons, Alton, Ill. were guests over the weekend of his sister and brother-in-law Mr. and Mrs. Clayton Basinger and children Carol and Donald.

The Lions club entertained their wives to dinner on Tuesday night at the Methodist church. David Cone of Chillicothe was the guest speaker for the evening.

Mrs. W. B. Craig fell at her home on Tuesday and fractured her leg. She was admitted to the Charles E. Still hospital in Jefferson City.

Mr. and Mrs. John Thixton and daughter Mary of Kirkwood, Mr. and Mrs. Roy Thixton and children Ronnie and Beverly Sue of near Jefferson City, Mr. and Mrs. Bert Thixton, Clarksburg, Glen Shores and daughter Vivian were recent dinner guests of Mr. and Mrs. Marion Shores.

Mr. and Mrs. Charles Thixton, Pueblo, Colo., were guests Thursday of Mr. and Mrs. Marion Shores.

Curtis Baker, a veteran of World War II has been elected commander of the Moniteau County Memorial Post 4345, Veterans of Foreign Wars. Other officers elected were Tony Scheidt, senior vice-commander; John Dorn Jr., junior vice-commander; Roy Borgardt, chaplain; John Kibbe, post advocate; Dr. Lionel Gallagher, post surgeon; E. H. Kueffer, retiring commander trustee; and James Chaney, quartermaster.

Mr. and Mrs. Calvin Stafford and son, Silver, Tex., are guests of her parents Mr. and Mrs. Lacy Bailey and daughter Mary Dee and other relatives.

Jimmy Shores was awarded the first prize in the senior division of the American Legion Auxiliary Americanism essay contest, and Eugene Butts received the second award. The subject of the essay was "How Can I Preserve My Americanism essay contest, and were presented on Tuesday night at the school award program by Mrs. Marvin Crawford.

Mrs. Raymond Andres is a patient in the Boone County hospital in Columbia. Mrs. Andres underwent surgery on Monday.

Charley Higgins of Des Moines, Ia. is a guest of relatives and friends here. Mr. Higgins came here to be with his brother Herbert Higgins who underwent major surgery at St. Mary's hospital in Jefferson City.

Mr. and Mrs. Harold Calvert of Berwyn, Ill. spent the weekend here with old friends. Mr. and Mrs. Calvert were former residents of California. Mr. Calvert was superintendent of the dyeing department of the Woolen Mills.

The Boy Scouts sold \$169.92 of Poppies on Saturday here for the VFW post. The boys sold the poppies under the direction of G. L. Howard, chairman and John Kibbe their scoutmaster. Sonny Ziehmer, son of Mr. and Mrs. Fritz Ziehmer had the largest total of sales with Don Stewart ranking second.

Mrs. Frank Herfurth has been installed as president of the Auxiliary to Post 4345, Veterans of Foreign Wars.

Herman Hoffman, industrial art teacher in the school, entertained the members of his adult class and their wives on Thursday night May 12th. Refreshments were served at the White Eagle Dining room following their meeting. Members of the class present were Dr. Kenyon Latham, B. F. Houser, Emil Rombach, Marion Shores, Silas Hofstetter, Paul Lebeck, George Shore, James Phillips.

District R-2 Honors Eighth Grade Students

Eighth grade graduation of District R-2 was held at the Lincoln School auditorium at 8 p.m. May 17.

The class participated in a program "A Garden of Memories" which was almost entirely original being the combined work of students and their sponsor, George E. Kugler.

Lavada Dwyer and Joyce Wischmeier ranked first and second in their class of 24.

Eighth graders are Lavada Dwyer, Joyce Wischmeier, treasurer; Donald Swearingin, president; John Christian vice president; Jaunita Roberts, secretary; Joann Rains, reporter; Letha Sue Coffey, Gayle Collins, Joyce Davis, Joyce Dillon, Harold Ebeling, Mary Gallagher, Betty Hutchison, Dale Knox, Larry Kreissler, Linda Kroenke, Ray-dean Mahnen, Larry W. Gerken, Wilford Meyer, Loretta Morarity, Cleodith Roark, Larry Schlesselman, Etta Jean Stevens and Kathleen Yearout.

The U.S. Census Bureau expects the population of California to be more than 18 million by 1965, and to have more people than New York State.

LITTLE LIZ

The feet of American women are getting bigger—probably from putting them down so hard.

Vacation Bible School Attendance of 350

Attendance at the vacation Bible Schools of East Sedalia Baptist Church, Broadway and Boonville Missions, totaled 350 Tuesday morning.

Next Thursday, June 2 picnics will be held at each school and the commencement program will be given Friday, June 3, the final day of the schools.

Although the United States uses more electric power than any other country, its per capita use is less than that of either Norway or Canada.

Zoernig Promoted

W. L. Zoernig, son of Mr. and Mrs. Herbert L. Zoernig, 236 South Prospect has been promoted to corporal in the United States Marine Corps, according to information received by his parents this week.

Cpl. Zoernig is stationed at Camp Pendleton, California with the 9th Engineer Battalion.

New Conoco Super Motor Oil

The best there is for you and your car...

at the friendliest stop in town!

Count on it! It's America's first Double-Duty motor oil. New Conoco Super Motor Oil, with Oil-Plating® and Oil-Cleansing, gives you full-time protection against friction and acid wear. It's the all-season motor oil in the can with the gold band!

Oil-Plating conquers friction wear by plating a thin film of lubricant to engine surfaces. And Oil-Cleansing heads off corrosion wear by cleansing your engine as it neutralizes combustion acids!

Want full-time power plus protection? Then "team up" New Conoco Super Motor Oil and Conoco Super Gasoline with TCP. TCP gives you up to 15% more power, better gas mileage, longer spark-plug life, and all the benefits of an engine tune-up!

Hi! Neighbor...SEE ME FOR THE SUPER-3...you get 'em only at my Conoco Station!

1 CONOCO SUPER GASOLINE WITH TCP

REGARDLESS OF MAKE OR YEAR, YOUR CAR DESERVES CONOCO SUPER WITH TCP. IT'S THE FUEL THAT COMBINES A HIGHER-OCTANE RATING WITH ALL THE POWER BENEFITS OF TCP. DRIVE IN TODAY FOR... THE GREATEST GASOLINE DEVELOPMENT IN 31 YEARS!

2 CONOCO SUPER MOTOR OIL

THIS GREAT ALL-SEASON OIL HELPS REDUCE ENGINE KNOCK AND PRE-IGNITION, LETS YOU ENJOY ALL THE POWER PACKED INTO CONOCO SUPER GASOLINE WITH TCP. IT'S THE MOTOR OIL IN 5W-20 AND 10W-30 GRADES IN THE CAN WITH THE GOLD BAND.

3 CONOCO SUPER SERVICE

THAT'S MY SPECIALTY! YOU'LL ENJOY MY FRIENDLY, COURTEOUS SERVICE, IF YOU'RE PLANNING A TRIP, DON'T FORGET YOUR CONOCO TOURAIDE TELLS YOU HOW TO GO, WHERE TO STAY, WHAT TO SEE, AND OTHER KEY FACTS. IT'S FREE FROM ME... Your Conoco Dealer!

There is a type of molded foam rubber cushion suitable for every home recushioning project.

Foam Rubber Ideal Material For Recushioning Projects

BY MR. FIX

Distributed by NEA Service
Once upon a time, recushioning of furniture was left pretty much to the experts. Not so since the development of foam rubber padding. A frothy solid made from liquid latex molded in a great variety of shapes and sizes.

Now home recushioning projects are commonplace, simply because foam rubber is such a breeze to work with—a do-it-yourself product par excellence. It can be cut, bent, rolled and folded into most any shape to fit, for example, odd-shaped chair arms and seats.

With a special adhesive, it can be cemented to wood, metal, plastic and fabrics. It can also be bonded to itself, a factor that reduces waste because large pieces can be made from several scraps. One company, Goodyear, to be exact, makes three types of foam rubber for home projects—molded cushions, solid slabs and cored slabs.

The molded cushions come in sizes to fit many styles of chair and sofa seat-cushion covers. They have rounded edges and are reversible—that is, smooth on both sides.

Morris Hinken Begins Duties At G. R. Bank

By Mrs. Verna Palmer
GREEN RIDGE—Morris Hinken, son of Mr. and Mrs. Earl Hinken has been employed at the Farmers and Merchants Bank of Green Ridge since his graduation from high school this spring. He began his duties Monday, May 16.

Mr. and Mrs. William Heibner who recently spent two weeks on a trip to the states of California and Colorado returned Sunday, May 15.

While in California they visited Mrs. Heibner's brother, Frank Myers and Mrs. Myers at El Monte, Calif., and the following friends, Lt. and Mrs. Gordon Welch and three children at Garden Grove, Calif. and Mr. and Mrs. Byron Myers and daughter, at Santa Monica.

Enroute home they visited Mrs. Heibner's brother, Alton Myers and Mrs. Myers at Pueblo, Colo. Mrs. Beulah Anderson left Tuesday, May 17, for Pratt, Kan., to visit in the home of her son, Mr. and Mrs. Dale Anderson and daughter, Becky. Mr. and Mrs. Dale Ray and Mrs. Sam Anderson and daughter accompanied her to Kansas City where she spent the night in the home of Mr. and Mrs. Lloyd Storum. The following day the Storum's accompanied by Mrs. Anderson, motored to Pratt, Kan.

Solid slabs are smooth-two-sides, square-edged pads used chiefly over springs or such solid materials as wood and metal.

Cored slabs are similar, except that they have rounded edges and uniform, open cores molded into the undersides. Long lengths are suitable for installing deep cushioning on chaise longue and continuous-seat sofas.

There are countless home uses for three types of foam rubber. Several suggested by Goodyear are:

Chair Seat Cushions—Use molded reversible type padding in thicknesses of 5/8, 5/4 or 6/4 inches. Foam rubber padding should be 3/4 to one inch longer and wider than cushion cover measurements. Open cover at rear by cutting stitches at the cord line. Pull out old padding, insert rubber and restitch.

Bathinette Pad—Cut a sheet of one-inch thick slab stock to size of bathinette top. Cover with waterproof material. The same material can also be used for playpen pads. A crib pad of three-inch-thick cored stock will further add to baby's comfort.

Ottoman and Stools—Use one or 1 1/2-inch slab stock, allowing approximately quarter-inch oversize. Cement rubber to top and cover with plastic or fabric upholstery material, pulled tight and tacked to underside. Cored stock recommended on large sizes.

Outdoor Furniture—Use cored stock in thicknesses of 2 9/16, 2 1/2 or three inches for chaise longue and similar furniture. Insert in present cushion cover, or make new cover. Padding should be 3/4-inch oversize to fit cushion covers up to 24 inches in length; 1 1/4 inches on lengths from 25 to 36 inches; 1 3/4 inches from 37 to 54 inches; 2 1/4 inches from 55 to 72 inches; and 2 3/4 inches oversize for 72-inch lengths and over.

You can use ordinary household scissors to cut foam rubber to any desired size. Cutting is easier, however, if you lubricate scissors by dipping them in water frequently. Foam rubber can also be cut easily on a band saw.

You don't have to worry about wasting foam rubber, for scraps can be put to good use. Since they hold water, small pieces of foam rubber are useful for dishwashing and carwashing. As kneeling pads they'll help prevent "housemaid's knee." They're handy for dusting suede shoes and felt hats, too.

Franklin EQ 335 Screw Worm Remedy

Franklin EQ 335 Screw Worm Remedy is produced from the formula developed by the Department of Agriculture after considerable experimentation in the Texas area. This formula utilizes the qualities of Lindane for its action as a quick killing agent. In combination with pine oil Lindane is carried to all parts of the wound to exert its action. Pine oil is somewhat irritating to screw worms, causing them to wiggle from the wound to leave it clear for quicker healing. Pine oil has bacteriostatic values as well. This smear offers definite advantages over other smears... It is cleaner to use, leaves a softer covering over the wound, thus aiding in more rapid healing.

Sedalia JC's Sponsor Fifth Golf Tourney

Two Top Boys Will Enter State Match; Local Play Tuesday

The fifth annual Sedalia Jaycee Junior Golf Tournament will be held Tuesday, May 31, at the Countryview golf course. All boys under the age of 18 as of Aug. 15 of this year are eligible to compete in the tourney.

The tournament is scheduled to begin at 9 a.m. Tuesday with nine holes to be played in the morning as a qualification round. The top six qualifiers in the morning round will then go into an 18-hole playoff in the afternoon. The two youngsters carding the top two scores in the final rounds will be taken to Marshall to compete in the Missouri Jaycee Junior Tournament June 14 and 15. The two qualifiers in the Sedalia tourney will have their expenses for the state tournament paid by the Sedalia Junior Chamber of Commerce.

The winner in the state tourney will be sent to Columbus, Ga., all expenses paid, for the International Jaycee Junior Tournament Aug. 15-20. The second, third and fourth place boys in the state tournament will be eligible to compete in the international tournament at their own expense.

Last year three boys who qualified in the local tournament represented Sedalia in the state competition.

All boys within the age limit who are interested in entering the Sedalia tourney are to telephone George Thompson at 4336.

Pirates Trample Dodgers; 'Time We Got Breaks'

PITTSBURGH (AP)—"It's nice to be leading in something," Manager Fred Haney of the Pittsburgh Pirates said when he learned the 15 runs scored by his team last night over the league-leading Brooklyn Dodgers was the highest National League run output this year.

"No, I didn't know that 15-1 victory was tops for the season," Haney chuckled. "It's about time we got some breaks. I still insist we have a better team than last year."

Three National League teams have scored 14 runs this year while the highest major league production came in the Chicago White Sox's 29-6 victory over Kansas City. In the NL, the Dodgers beat the Phillies 14-4, the Chicago Cubs beat the Cards 14-4 and the Cards swamped the Cubs 14-1.

The Pirates, whose previous longest losing streak this year was eight at the start of the season, were in grave danger of tying a modern club record last night. Had they lost, they would have equaled the 12-game consecutive losing mark set by the 1939 team.

"It had to happen sometime," said Haney. "We're playing the Dodgers again tonight and tomorrow. I'm keeping my fingers crossed."

Hornets, Hamms Win at Softball Tuesday Night

In the Industrial Softball League Tuesday night the Hudson Hornets defeated the Kilowatts 17-10 and the Hamms' Beer team beat the Jolly Welders 9-2.

The first game saw Phillips handle the Kilowatt batters while his own teammates added the hitting and scoring power. The losing pitcher was Thomas.

Richardson of the Hornets hit a circuit drive with the bases loaded.

In the second tilt Boudion was the winning pitcher for Hamms' aggregation, while Young was on the losing end for the Welders.

Norvel hit one which went for a 4-base drive.

Minnie Minosa Ready For Hospital Release After Head Injuries

CHICAGO (AP)—Minnie Minosa, Chicago White Sox outfielder who has been hospitalized after suffering a dizzy spell as the result of being hit by a pitched ball, may be released from Mercy Hospital Friday.

Dr. Harold Voris, neurologist, last night said Minosa did not suffer a brain injury.

Minnie was hit on the left side of his head in New York last Wednesday on a pitch thrown by New York Yankee pitcher, Bob Grim.

At first, it was reported there was no fracture. But late yesterday, Dr. John Claridge, White Sox team physician, said Minosa suffered a small fracture in the temple region.

Minosa suffered a dizzy spell Monday night and Dr. Claridge sent him to Mercy Hospital.

Dr. Voris completed his examination last night and said Minosa may be released Friday.

Jimmy Carter Benched By Boxing Officials

BOSTON (AP)—Lightweight champion Jimmy Carter was put on the unavailable list yesterday by National Boxing Assn. President Tony Petronella until he fulfills his contract for a postponed title fight with Wallace (Bud) Smith in Boston.

Carter's Manager Willie Ketchum Monday night announced in New York the champ had a sore throat and was so weakened by his ailment he wouldn't be able to go through with his June 1 nationally-televized 15-round at Boston Garden.

Jockey Stars Return

WILMINGTON, Del. (AP)—The 10 leading jockeys of Delaware Park's 1954 meeting are expected back for the 32 day session which runs through July 4. They are: Jack Westrope, last year's top rider with 23 wins; Norman Cox, Glen Lasswell, Nick Shuk, Willie Lester, Willie Hartack, Oliver Cutshaw, J. A. Regalbuto, Willie Passmore and Bobby Stovall.

HEADLONG—A protracted batting slump hasn't affected Jackie Robinson's holding. The Brooklyn third baseman gives balls hit to either side of him a headlong try.

Revived Southpaws--Pierce and Simmons Return With Sizzling Wins Tuesday

By ED WILKS
The Associated Press

Billy Pierce and Curt Simmons, a pair of southpaws who have known better days, look as if they may be ready to set up shop again. If so, you can bet Managers Marty Marion and Mayo Smith will be throwing a lot of business their way.

Billy the Kid has been one of the missing links in Marion's plan to bring the Chicago White Sox an American League pennant. The Sox have been able to hang in there, just a stride or two behind the leaders, without Pierce, but if his arm troubles are over, Chicago could really get in on the scrap.

Pierce gave an indication of his importance last night. His three-hitter beat Cleveland 4-1. Chicago home runs ruined rookie Herb Score and pushed the Sox to within half a game of the second-place Indians.

Simmons looked his best since 1953 as he went 7 1-3 innings before tiring last night. And with some nice help from Jack Meyer, the Philadelphia Phillies were able to snap a six-game winning streak by the New York Giants 6-2.

Simmons, who helped the Phils to their 1950 flag but who fell off after losing part of a toe in a lawn mower accident two summers ago, fanned five and spaced five hits. It was his first victory in five appearances after shoulder trouble in spring training.

In the American League, Chuck Stobbs and the Washington Senators smashed a first-place New York's seven-game string by beating the Yankees 3-2. And Baltimore ended its five-game losing slump 6-1 against Boston while Detroit beat Kansas City 9-6.

In the National, Pittsburgh buried its 11-game losing string by humiliating the first-place Brooklyn Dodgers 15-1.

Rain postponed St. Louis at Chicago and Cincinnati at Milwaukee.

The White Sox caught up with Score in the seventh, breaking up a no-hit bid with three singles and a run. Then after Ralph Kiner homered to tie it, Chico Carrasquel and Bob Nieman homered to score three runs in the eighth. Score fanned 11.

At Philadelphia, Meyer saved Simmons by getting Dusty Rhodes and Willie Mays on popups with the bases loaded in the eighth. Glen Gorbous sent Jim Hearn to his third defeat against six successes with two doubles and a pair of singles that scored two tide-turning runs.

The Pirates hammered loser Johnny Podres and five Brooklyn relievers for 19 hits. Bob Friend

Kansas Citians Prove They Are Proud of Their Team

By Dick Hoffman

Now that Kansas Citians have had time to get used to having major league baseball around, it is interesting for an outsider to observe the spirit that doesn't seem to be wearing off.

There were about 18,000 loyal rooters at the ball park last night cheering their hearts out for an obvious underdog. Detroit was making every hit count while the Athletics were trying to put out the fire long enough to catch up. But the fans never seemed to give up hope until the last out of the ninth inning that their boys might come through with either three runs to tie or four to win.

Every called strike or a swing-and-miss called against the Tigers brought a cheer from the stands. A double play or a good running catch by workhorse Enos Slaughter brought the crowd to its feet. And when Zernial dropped one into the parking lot with two on, hysteria reigned for a few minutes.

Any time a Kansas City player's name was called over the public address system, and during last

night's game there were a good many, he would get either a cheer or an approving roar depending on how he has been performing lately. But they all got a rise.

The fans seem to have taken Country Slaughter to heart in a big way as their sentimental favorite. He consistently got the biggest hand from the crowd.

The fans were not all partisan, however, and gave Detroit pitcher Steve Gromek a good hand after he left the game. Even though the A's twice left the bases loaded in the late innings, the cheering only slightly diminished.

Kansas City is still proud of its team even though it may be a few years before they have something to really cheer about.

Elks Minors will practice at the National Engineering diamond at 4:45 p.m. Thursday. All players are expected to be on time.

Dressen Promises Senator Changes Within 10 Days

NEW YORK (AP)—Manager Charlie Dressen, admittedly disappointed over the fifth-place position of his Washington Senators, today promised some changes on the club "within the next 10 days."

He said he has been dicker with a number of clubs for a short stop. He refused to mention names but indicated he'd be willing to give up a top-flight pitcher for the player he wanted.

Calvin Griffith, vice president of the Senators, and General Manager George Weiss of the Yankees held a long conference yesterday. Out of the conference, it was learned, came a Yankee offer to give up an unnamed pitcher and infielder for either Bob Porterfield or Maury McDermott. Porterfield, a former Yankee, has a 5-4 record; McDermott, a southpaw, 2-4.

"Every club in the American League wants to make a trade with us," Dressen said. "They all want our best players but so far they haven't offered us the players we'd like in return."

"We're after more hitting. Our pitching has been good but our big hitters, with the exception of Mickey Vernon, have been disappointing. Our prime need is an infielder, preferably a shortstop who can hit a little bit. We're prepared to give up somebody of equal value for such a man."

Detroit, A's Throw 11 Pitchers, Forty Players Into Fray

By THE ASSOCIATED PRESS

It took 11 pitchers and 40 players, in all, for the Detroit Tigers last night but it finally ended with the Tigers on the heavy end of a 9-to-6 score.

Both Al Kaline of the Tigers and Gus Zernial of the Athletics smashed three-run homers. Kaline, who got his in the sixth inning, drove in four runs altogether.

The St. Louis Cardinals were idle because of rain at Chicago. They and the Cubs will try to make up for lost time today with a double-header.

Al Aber, the last of seven Detroit pitchers, was the victor at Kansas City. The loss was marked up against Johnny Sain, the second Athletic pitcher.

Medea Happy Off Stage With Melons

By BOB THOMAS

HOLLYWOOD — It's Medea among the melons and Lady Macbeth in the lettuce patch when Judith Anderson is not doing her high - powdered emoting before audiences.

The Australian - born actress gets away from it all at her 38-acre ranch in Carpinteria, just south of Santa Barbara, Calif. And friends say that she really escapes from her classical roles up yonder. Instead of flowing robes, she sports blue jeans, old shirts and straw hats.

When viewed on the set of "The Ten Commandments," she was in more typical attire. She plays the slave of the Pharaoh's daughter, Nina Foch, and the scene showed them fishing the infant Moses out of the bullrushes. But her mind was on other matters too, such as Paris and avocados.

The Paris matter concerns "Medea," which she is going to do next month as part of the "Salute to France." This is the artistic gesture sponsored by the State Department. Besides "Medea," French art treasures, symphony orchestras and "Oklahoma!" are going to Paris.

But to get to the avocados — "I am expecting them to take care of me in my old age."

So far the temperamental trees haven't come through for her. When she bought the ranch a few years ago, it was a fairly run-down place with lemon groves. She had the place spruced up and 500 avocado trees planted.

"There are so many things that can go wrong," she said. "The wind can blow the blossoms away or the bees might not appear to carry the pollen. So far we haven't had any fruit. In another year we'll find out whether these trees will produce or if we'll have to graft new buds on them."

The actress said she completely escapes from the show business grind when she's at the ranch. Her trouble is that she gets there all too seldom. One year she was absent all but five weeks. Yet she harbors no yen to retire from performing.

"Even if the place should become a money-maker," she said, "I don't think I'd ever quit. Not as long as I can find jobs."

Governor's Family Has Siege of Illness

AUSTIN, Tex. — Mrs. Allan Shivers, wife of Texas' governor, is confined to the governor's mansion with the mumps.

The Shivers family began its bout with the disease three weeks ago when Marialice Sue (Cissy) Shivers, 8, contracted it.

Neither the governor nor the three Shivers sons have had the mumps, a mansion spokesman said, but the governor was confined yesterday with what doctors said was a "light case of influenza."

Shivers was expected back in his office today.

Relax Banking Rules

JEFFERSON CITY — Two bills to liberalize rules for operation state banks and trust companies were signed by Gov. Phil M. Donnelly yesterday.

One lets them pool small trusts into a common trust for easier management. The other permits them to invest in stock of the Federal National Mortgage Assn. to lower the risk on housing loans.

ILLUSION— Evelyn Wanzer, of Chicago, makes use of optical illusion, not muscle, to "support" the 72-foot Tower of Pisa, Italy, that has been leaning for most of its 900 years.

Rural Areas Incorporating To Escape Spread of Cities

SANTA ANA, Calif. — The countryside now is resorting to incorporation in order to remain rural.

That's how great has been the population spread of southern California's cities.

Three spokesmen for a community of dairymen described the turned-about situation. Their dairy farms occupy an area of about 2½ square miles, in northwestern Orange County, some 23 miles from Los Angeles. Adjacent to them is the small city of Buena Park, and their fear is municipal encroachment.

The spokesmen for the dairymen are Jack Devries and Charles Vanderfeer, cochairmen of a ranchers' committee, and M. S. Bernard, their attorney. What is happening, they said yesterday, is this:

The entire area is more less suburban to Los Angeles. As Buena Park and the metropolitan area grow, new subdivisions keep creeping into dairy territory.

People move into these new houses, and in a matter of weeks they're filing complaints because the dairies smell like dairies. Then the dairies have to worry about abatement proceedings, annexations and other complications.

So, the spokesmen said, they decided that dairymen could use the same weapons. They'd incorporate too. They'd call their town Dairyland.

Some dairies are located in the area, the population of which is roughly 600. The farmers already have won approval of their proposed city boundaries by the County Board of Supervisors, and now they are circulating a petition which requires signatures of only 25 per cent of the registered voters.

Wife of Naval Officer Mutinies After Hubby Turns Home Into Ship

LOS ANGELES — Retired Navy officer Charles B. Day may have run a "light ship" at his home but the crew finally mutinied.

The "crew," Day's wife Loretta, won a Superior Court divorce yesterday. She testified before Judge Louis H. Burke that Day, a former lieutenant commander, insisted the home be run like a ship. She said:

Day called his den "officers' quarters" and she could not enter when red, white and blue pennants were flying.

He insisted on "a clean sweep down fore and aft."

In the settlement Mrs. Day was awarded the couple's furniture, a car and \$1,800 as her share in community property. Day, who had also asked for a divorce, was awarded the family home.

Leaves County Money After Holding Office

ELIZABETHTOWN, Ky. — Even in death H. B. Fife remembered the people who kept him in office 40 years.

His estate, valued at more than \$250,000, will go to Hardin County, where he served as judge, magistrate, sheriff and deputy sheriff.

County Board of Supervisors, the petition will require the calling of a boundary hearing and an election in the area.

About Town

Mrs. Emory Baldwin, 215 East Broadway, and Mrs. Oscar Sims, 611 West Fourth, have returned from a trip to Kansas City.

Mr. and Mrs. George H. Trader, 1220 South Barrett, are home from Canton, O., where they visited Commander and Mrs. R. G. O'Maley and children, and en route home visited another daughter of Mrs. Trader, Mrs. F. B. Long, Jr., and Dr. Long and children at St. Louis.

Mr. and Mrs. John Zulauf, 32nd and Grand, have returned home after a visit with Mr. and Mrs. C. E. Alden, Toledo, O. Mr. and Mrs. Alden, former Sedalians, moved to Ohio last fall.

Mr. and Mrs. J. W. Youse, 1312 South Kentucky, have moved to Alton, Ill., where Mr. Youse was transferred by the F. W. Woolworth Co. Mr. Youse served with the Army in Korea and was discharged last October. His wife is the former Earlene Moellman.

Solid rubber tires are being used more extensively on vehicles in more effective for some operations in the United States was of the United States in the Mississippi River system.

Civil Service Jobs

Forms for taking an examination as laboratory electronic mechanic for various government laboratories can be obtained from W. E. Bots at the city post office. Applicants should have experience or education in this field.

Hand in Glove

HUNTINGTON, W. Va. — Mary Elizabeth Reeser, a Marshall College junior, thought she had lost her high school graduation ring on the campus.

Mary's mother had bought a pair of gloves for her brother, Warren. They didn't fit and he tossed them on the mantle to be returned.

Mary Elizabeth happened in from classes soon afterwards, saw the gloves, tried them on, and they didn't fit her, either.

Mrs. Reeser returned them to the store. Some weeks passed until Mary's uncle, Edward Reeser, visited the store. He was looking for a pair of gloves. He tried one glove on, it fitted perfectly and he bought the pair.

Later, at home, he tried on both gloves. Inside was a high school ring, class of '52, initialed "M.E.R."

Reds Run In Britain

LONDON — Seventeen Communists are running in tomorrow's election. All appear headed for defeat.

Since 1900 there have been only four Communist members of Parliament. The last two failed to survive the 1950 election. That year they ran 100 candidates and polled 102,780 votes of the 28,769,477 total. The next year, when the Conservatives regained power, the

Reds trimmed their list to 11, and received 21,640 votes of the 28,596,695 total.

Lady Judge
NEW YORK (AP)—The first woman appointed to preside in city court trials here is, appropriately, Justice Amsterdam. This city once was New Amsterdam.

The appointment is NOT the first "first" for Miss Birdie Amsterdam. Fifteen years ago, Miss Amsterdam, normally a municipal court justice, was the first woman elected to the New York (Manhattan) county bench.

Senate Moves To Vote Small Postal Hike

WASHINGTON (AP)—Senate action in upholding President Eisenhower's veto of a postal pay raise averaging more than 8½ per cent was followed today by moves to vot a slightly smaller boost.

Ignoring the advice of Sen. Neely (D-W.Va) they were following Eisenhower "into a political graveyard," senators yesterday upheld the President's veto of a bill which would have given 500,000 postal workers a pay increase averaging 8.6 per cent and fringe benefits bringing the total to 8.8 per cent. The President called this too high.

The 54-39 Senate vote—8 votes short of the two-thirds margin needed to override a veto—gave the President a major political victory in the first congressional challenge of his veto power. Voting to override were 46 Democrats and 8 Republicans; voting to sustain were 37 Republicans and 2 Democrats.

Leading an unsuccessful fight to override the veto, Sen. Olin D. Johnston (D-SC) called Eisenhower "that poor, misguided and confused man in the White House." He urged the Senate to resist "complete domination" by the Republican administration.

After the Senate sustained the veto and thereby killed the bill, identical bills were introduced in both Senate and House for a pay raise which Sen. Carlson (R-Kan) said he knew would be acceptable to the President. Companion bills were offered by Carlson, Rep. Rees (R-Kan) and Rep. Murray (D-Tenn) calling for an average increase of around 5.9 per cent and a minimum raise of 6 per cent. Sen. Johnston, chairman of the Post Office Committee, offered another which he said would average 8 per cent.

Seek 'Happiness'

WASHINGTON (AP)—The U.S. Information Agency said today the Budapest library, in Communist Hungary, had requested a copy of a book entitled "Life, Liberty and the Pursuit of Happiness."

Along with the request, which passed through Communist censorship, was this note: "Since we attach great importance in having this publication, we would appreciate it if you would kindly send us one copy of same." The book was sent.

No Ill Effects—

Denmark, Canada Inoculate Children With Polio Vaccine

By THE ASSOCIATED PRESS

Canada and Denmark today reported they have vaccinated about 1,150,000 children against polio with Salk-type vaccine. Officials said not a single case of the disease attributable to the serum has turned up.

Investigating Dam Break; Flood Loss

DAHLONEGA, Ga. (AP)—Officials planned to resume their investigation today in efforts to learn what caused a dam to break and pour a devastating flood on a mountain valley.

The break came without warning yesterday. Witnesses said a wall of water estimated at 25 feet high roared through the little valley astride U. S. Highway 19 at the foot of the Blue Ridge Mountains near Neel's Gap in north Georgia.

No casualties were reported but two houses and two automobiles were demolished and eight buildings were damaged. At one farm, 4,900 baby chicks drowned.

Several residents had narrow escapes. They raced for a hilltop and reached it safely just as the torrent surged past.

Sheriff J. R. Gibson, of Lumpkin County, who headed the investigation, said the earthen private dam "simply broke." He said water pressure could have caused the 50-foot-wide break.

The dam, built 18 months ago for irrigation and recreational purposes, was owned by J. J. Ravan, who operates a store and tourist court. Four units of the tourist court were damaged.

Ravan saw the water coming and warned his wife and their three children. Together, they ran to the hill.

"The water touched the heels of my wife's shoes just as she ran up the hill," Ravan related.

Mrs. Van Crow also saw the water bearing down upon her home below the Ravens' place. Snatching up her three sleeping children, she carried them up the mountainside back of her home.

Canada has inoculated about 750,000 children so far. One post-inoculation case of polio has been reported, but "it was found to have been infected with the virus before getting its first injection," a Federal Health Department spokesman in Ottawa said.

In Denmark 400,000 children have been inoculated. Authorities in Copenhagen said no polio has been reported in the country since the program began five weeks ago.

Canada and Denmark are the only countries outside the United States carrying on programs of mass inoculations.

In some, polio is not a major medical problem. These include Italy, France, Belgium and the Netherlands, although France's Pasteur Institute is developing a vaccine similar to Dr. Jonas Salk's and plans to test it on a sizable scale in about two months.

Shortage of the vaccine has delayed some programs. Norway for this reason has postponed indefinitely an ambitious campaign to inoculate all elementary school pupils. Switzerland does not expect supplies from the United States until August and will test it extensively before using it.

News of U.S. difficulties with the vaccine has delayed other programs. Britain's Medical Research Council, which planned test vaccinations, is awaiting a study of safety methods a member of its staff is making in the United States.

Germany's first mass vaccination, in the city of Frankfurt, has been put off until after the dangerous summer season. A German-made vaccine has been on sale in pharmacies since May 14 and several thousand children have been inoculated. No postvaccination polio has been reported, but the state of Hesse stopped the sale there yesterday. Officials said test animals inoculated with the vaccine became ill, and further tests would be made to determine why.

Sweden says it will inoculate a million persons with its own vaccine next year.

In 1946, a Tokyo expert using an abacus proved he could calculate faster than an expert using a modern electric machine.

Pentagon Sees US Superior In Air Power

WASHINGTON (AP)—Top civilian chiefs at the Pentagon say the United States still holds air superiority over Russia, but Sen. Jackson (D-Wash) contends the Soviets are making "alarming progress."

The newest chapter of what has evolved into a "great debate" over the status of Russian and American air strength unfolded yesterday when:

Secretary of Defense Wilson told a news conference, "It is our aim to maintain a military capability superior to that of any potential enemy; we can and are doing this."

Asst. Secretary of the Air Force Roger Lewis, at the same session with newsmen, said, "We have superiority in terms of planes that can do the job; we have qualitative as well as quantitative superiority" in such aircraft, Lewis said the Russians have displayed "more bombers than we thought possible a year ago" but said they were "not large numbers—40 or 50."

Sen. Jackson, chairman of a Senate-House Atomic Energy subcommittee on military applications, presided at a closed session with Secretary of the Air Force Harold Talbott and Gen. Nathan F. Twining, Air Force chief of staff.

Emerging, Jackson said he believes this country leads Russia now in air power; but "we have consistently underestimated the ability of the Soviet Union to produce all types of armament including the atomic bomb, the hydrogen bomb and the intercontinental bomber," and that "unless we make a great effort for all-out production of jets of all kinds, both quantitatively and qualitatively our country can be in grave peril."

Jackson told newsmen the United States could fall behind in the air power race unless it starts "crash (rush) programs in some items." To surpass Russia, he said "will take much greater production schedules than now provided for."

Patrick Henry Sued

DENVER (AP)—His wife sued Patrick Henry for her liberty yesterday. Mrs. Mary Henry filed suit for divorce in District Court, charging "extreme and repeated acts of cruelty." Henry operates an inn at Aspen, Colo.

Police Search For St. Louis Racketeer Duo

EAST ST. LOUIS, Ill. (AP)—Two former associates of ex-convict Frank (Buster) Wortman, missing since a gangland-style shooting here a week ago, were sought in Denver today for questioning.

Chief Deputy Sheriff Clifford Flood of St. Clair County said the Civil Aeronautics Authority had traced to Russell, Kas., an airplane believed to have been used by Birney T. (Chick) Havey Jr. and Kenneth Mueller in a flight from here after their Cadillac cars had been riddled with bullets.

Mueller is known to have been wounded in the shoulder and face in a shooting which police say may have resulted from Mueller failing to pay gambling debts. Police found racing forms and telephone equipment in his apartment earlier during a raid.

Flood said that he had learned the plane, bearing the same registration number as Havey's, has refueled at Russell last Sunday and then departed after the pilot gave Denver as his destination. Flood said he had asked Denver police to be on the lookout for the two men.

Police said another theory was the possibility that Havey and Mueller had been trying to set up their own racing news service here in competition with Wortman's. The two were associated with Wortman until last Jan. 1 when Havey and Wortman were reported to have fallen out.

Small Tornado Tosses Garage Over Center

MARIETTA, Ga. (AP)—A small tornado did considerable damage to buildings, automobiles and electric lines in suburban area last night but no casualties were reported.

Residents told of seeing a black funnel-shaped cloud approaching just before the terrific wind struck the residential and community shopping section about a mile northeast of Marietta.

False Arrest Made

COLUMBUS, Ohio (AP)—Police, answering a burglar alarm yesterday with guns drawn, nabbed a man with a sack of money as he was leaving the Upper Arlington branch of the Ohio National Bank. Then someone told them the alarm was tripped by accident. The man, Leo Campbell, was taking the money to the state liquor store nearby, where he works.
